

Beginning with FY 2003 Southeastern Illinois College will define capital assets as assets with an initial unit cost of \$5,000 or more and an estimated useful life in excess of two (2) years.

Property, plant, and equipment of the college will be depreciated using the straight-line method over the following useful lives:

- | | |
|-------------------------|----------|
| 1. Buildings | 50 years |
| 2. Land Improvements | 10 years |
| 3. Equipment | 8 years |
| 4. Technology Equipment | 4 years |

The cost of normal maintenance and repairs that do not add to the value of the asset or materially extend assets' lives are not capitalized. Donated capital assets are recorded at estimated fair market value at the date of the donation.
