## INDEPENDENT AUDITOR'S REPORT

Board of Trustees  
Southeastern Illinois Community College District No. 533  
Harrisburg, Illinois 62946

We have audited the accompanying financial statements of the business-type activities of Southeastern Illinois Community College District No. 533 and the discretely presented component unit, Southeastern Illinois College Foundation, as of and for the year ended June 30, 2020, and the related notes to the financial statements, which collectively comprise Southeastern Illinois College's basic financial statements as listed in the table of contents.

### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. The financial statements of the Southeastern Illinois College Foundation were not audited in accordance with *Government Auditing Standards*. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting principles used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

## Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the business-type activities and the discretely presented component unit of Southeastern Illinois Community College District No. 533, as of June 30, 2020, and the respective changes in financial position, and cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

## Other Matters

### *Required Supplementary Information*

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and State Universities Retirement System of Illinois Trend Data and Other Post-Employment Benefit System of Illinois Trend Data and Schedule of Contributions on pages 6-14 and 64-67 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of the financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

### *Other Information*

Our audit was conducted for the purpose of forming an opinion on the financial statements that collectively comprise Southeastern Illinois Community College District No. 533's basic financial statements. The supplemental information on pages 68-76 and 79-85 is presented for purposes of additional analysis and is not a required part of the basic financial statements. The schedule of expenditures of federal awards on pages 98-99 is presented for purposes of additional analysis as required by Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, and is also not a required part of the basic financial statements.

The supplemental information, including the schedule of expenditures of federal awards, is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. Such information, except for the portion marked unaudited, has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America.

In our opinion, the supplemental information and the schedule of expenditures of federal awards is fairly stated in all material respects in relation to the basic financial statements as a whole.

The supplemental information presented on pages 77-78 and page 86 has not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on it.

### **Other Reporting Required by *Government Auditing Standards***

In accordance with *Government Auditing Standards*, we have also issued our report dated November 30, 2020, on our consideration of Southeastern Illinois Community College District No. 533's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Southeastern Illinois Community College District No. 533's internal control over financial reporting and compliance.

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER  
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS  
BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN  
ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS***

Board of Trustees  
Southeastern Illinois Community College District No. 533  
Harrisburg, Illinois 62946

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the business-type activities and the discretely presented component unit of Southeastern Illinois Community College District No. 533 as of and for the year ended June 30, 2020, and the related notes to the financial statements, which collectively comprise Southeastern Illinois Community College District No. 533's basic financial statements and have issued our report thereon dated November 30, 2020. The financial statements of the Southeastern Illinois College Foundation were not audited in accordance with *Government Auditing Standards*, and accordingly, this report does not include reporting on internal control over financial reporting or instances of reportable noncompliance associated with the Southeastern Illinois College Foundation.

**Internal Control over Financial Reporting**

In planning and performing our audit of the financial statements, we considered Southeastern Illinois Community College District No. 533's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Southeastern Illinois Community College District No. 533's internal control. Accordingly, we do not express an opinion on the effectiveness of Southeastern Illinois Community College District No. 533's internal control.

*A deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. *A material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. *A significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

### **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether Southeastern Illinois Community College District No. 533's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

### **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

## **MANAGEMENT'S DISCUSSION AND ANALYSIS**

**SOUTHEASTERN ILLINOIS COLLEGE  
COMMUNITY COLLEGE DISTRICT #533  
MANAGEMENT'S DISCUSSION AND ANALYSIS  
JUNE 30, 2020**

This section of Southeastern Illinois College's Financial Statements represents management's discussion and analysis of the College's financial activity during the fiscal year ended June 30, 2020. Since this discussion and analysis is designed to focus on current activities and currently known facts, please read it in conjunction with the basic financial statements (pages 15-17) and the footnotes (pages 18-63). Responsibility for the completeness and fairness of this information rests with the College.

**Using this Annual Report**

These financial statements incorporate data from all the primary governmental and proprietary funds (see pages 15-17) and for financial reporting purposes we are considered a special purpose government engaged in only business-type activities. We focus on economic resources measurement and use the accrual basis of accounting just like a private sector business. The Statement of Net Position is to be considered the statement of financial position for the College showing all assets and liabilities. The Statement of Revenues, Expenses and Changes in Net Position present all transactions and events that affect net position using the economic resources measurement focus. These activities are supported by property taxes, state revenues, tuition and other revenues. This approach is intended to summarize and simplify the user's evaluation of the cost of various College services to students and the public.

For detailed information pertaining to the Foundation (the College's discretely presented component unit), refer to Note 9 Discretely Presented Component Unit beginning on page 52 and the separately issued Foundation financial statements for the year ended June 30, 2020.

**Financial Highlights**

As of June 30, 2020, the College's end of the year total net position increased from \$15,965,634 to \$17,290,719, an increase of \$1,325,085. The increase to net position for the prior year was \$1,422,541. Revenues increased over the prior year by \$1,414,942. Total expenditures increased over the prior year by \$1,512,398.

Cash and cash equivalents, both restricted and unrestricted, on page 15 of the Statement of Net Position equal \$18,634,441. This was a decrease of \$2,737,256 compared to the June 30, 2019 balance of \$21,371,697. The Statement of Cash Flows on page 17 identifies the source and use of cash throughout the year.

Fiscal year 2020 saw the completion of many projects funded by Protection, Health, and Safety Bonds that were issued in May 2019 in the amount of \$2,870,000 and will mature December 2027. The proceeds were used to finance the alteration and repair of existing physical facilities for energy conservation, health and safety, environmental protection and handicapped accessibility purposes. Completed projects include: Energy Conservation & Interior Lighting Upgrades for all buildings on campus, Asbestos Abatement & Floor Replacement in Buildings A, B, & C, HVAC Replacement in Buildings D, E, & F, Roof Repair and Topcoat for the Child Study Center, Walk-In Cooler & Freezer Replacement for the cafeteria. All projects are scheduled to be completed by June 2021.

In August 2019, the college entered into two loan agreements with Peoples Bank for the renewal/acquisition of the college copiers and information technology equipment. A loan in the amount of \$116,896 will provide for renewing the 5-year contract agreement with Tri-State Business to provide copy/print services for the entire college. A loan in the amount of \$110,296 was used to purchase a storage area network (SAN) and backup system and server to replace the current outdated equipment.

In December 2019, the college issued \$3.473M in General Obligation Refunding Bonds for the purpose of refunding the callable 2010B General Obligation Bonds with the purpose of realizing a savings to be passed on to the district's taxpayers.

The college received over \$690,000 in special grants through the CARES Act Funding which was in response to the need for financial assistance as a result of the COVID-19 pandemic. These grants were funded through the Department of Education and were largely for the purpose of responding to the need for remote learning and student aid. Student grants were awarded in the amount of \$230,274. An equal amount of \$230,274 was awarded to be used by the institution for costs associated with significant changes to the delivery of instruction. Over \$180,000 of these funds have been spent in fiscal year 2020 with the remaining to be spent in 2021.

The following graph is a comparison of current and prior year of tuition and fee payments by the source of the payment:

**Twenty-seven percent (27%) of total tuition and fees are paid by students. The remaining seventy-three percent (73%) is paid by student scholarships, Federal or State grants or the Southeastern Illinois College Foundation. The following is a graphic illustration of tuition and fee payment by source for FY2020:**

## **Significant Transactions and Changes in Individual Funds**

The operating funds balance, represented by the combination of the Education and the Operations and Maintenance Funds experienced a \$335,747 increase in FY2020. The fund balance increase is down from the FY2019 increase of \$796,411. Revenue from the local and state government as well as tuition and fee revenue saw slight increases. Expenditures increased in the areas of Instruction, Academic Support, Auxiliary Services, Operation & Maintenance of Plant, Institutional Support, and Scholarships with decreases in the areas of Student Services and Public Services. Individually, the education fund balance increased \$361,592 and the operation and maintenance fund decreased \$25,845.

The Liability, Protection and Settlement Fund balance increased \$286,317 in FY2020. The fund ends with a new reserve balance of \$1,124,741 for future liabilities and preventative risk management. Local property taxes are the source of revenues for this fund and are limited due to minimal growth of property value in the district. Due to potential volatility of the number and/or expense of claims possibly made against the district, this balance provides a reasonable surplus for unforeseen liabilities as well as for risk management initiatives to reduce the likelihood of such expenditures.

The Working Cash Fund balance remained the same at \$3,550,030. There presently is no repayment liability within FY2021.

The Capital Projects Fund balance is \$622,311 decreasing by \$2,617,297 as a result of the Protection Health, and Safety projects completed throughout the year. Included in those projects were the following: HVAC Replacement in Buildings D, E, and F; Asbestos Abatement & Floor Replacement in Buildings A, B, and C; Roof Repair & Topcoat to the Child Study Center; Energy Conservation & Interior Lighting Upgrades campus wide; and Walk-In Cooler & Freezer Replacement. Remaining PHS funds should be expended upon completion of additional projects in FY2021.

The Auxiliary Fund balance decreased by \$39,673 in FY2020 to a fund balance of \$1,307,050. Income earned by the college bookstore remains positive contributing \$26,075 to the fund balance however it is down from the prior year by \$74,366. Efforts to reduce losses at the child study center continues to be somewhat successful but the center continues to maintain a deficit at \$51,185 for the year. The current year's loss was less than the prior year by \$25,270. In an effort to continue minimizing future losses, additional measures have been taken that focus on increasing revenue while reducing expenditures for FY2021.

The Restricted Purposes fund increased by \$11,076 in FY2020. This increase was a result of donations to the scholarship funds.

Beginning in FY 2012 the Southeastern Illinois College Foundation was considered a component unit of Southeastern Illinois College as defined on page 18 and 19 of the notes to the financial statements. The Foundation's financial information is discretely presented on pages 15 and 16. The Total Net Position of the foundation at the end of FY2020 was \$4,673,418 compared to FY2019 of \$4,299,272, an increase of \$374,146. See Note 9 starting on page 51 for further details.

**NOTES TO FINANCIAL STATEMENTS**  
**JUNE 30, 2020**

**NOTE 1: Summary of Significant Accounting Policies**

Southeastern Illinois Community College District No. 533 (the College) is organized under the Illinois Public Community College Act with partial funding by the Illinois Community College Board. The College's district encompasses parts of eight counties in Southeastern Illinois. The accounting policies of the College conform to accounting principles generally accepted in the United States of America as applicable to colleges and universities as well as those prescribed by the Illinois Community College Board (ICCB). The College reports are based on all applicable Government Accounting Standards Board (GASB) pronouncements. The following is a summary of the more significant policies.

**A. Reporting Entity**

The accompanying financial statements include all entities for which the Board of Trustees of the College has financial accountability.

In defining the financial reporting entity, the College has considered whether there are any potential component units. The decision to include a potential component unit in the reporting entity was made by applying the criteria set forth in GASB Statement No. 14, "The Financial Reporting Entity," as amended by GASB Statement No. 39, "Determining Whether Certain Organizations are Component Units," and GASB Statement No. 61, "Financial Reporting Entity". The primary criterion for including a potential component unit within the reporting entity is the financial accountability that the elected officials of the primary government have for the component unit, as well as the presence of a financial benefit or burden relationship between the primary government and the component unit.

The criteria used in assessing financial accountability consist of (1) the primary government is financially accountable if it appoints a voting majority of the organization's governing body and (a) it is able to impose its will on that organization or (b) there is a potential for the organization to provide specific financial benefits or impose specific financial burdens on the primary government; and (2) the primary government may be financially accountable if the organization is fiscally dependent.

Fiscal dependency is determined if a component unit possesses one or more of the following characteristics: (1) it is unable to determine its budget without having the primary government approve or modify the budget; (2) it is unable to levy taxes or set rates or charges without approval by the primary government; or (3) it is unable to issue debt without approval of the primary government.

**SOUTHEASTERN ILLINOIS COMMUNITY COLLEGE DISTRICT NO. 533**  
**HARRISBURG, ILLINOIS**

**NOTES TO FINANCIAL STATEMENTS**  
**JUNE 30, 2020**

**NOTE 1: Summary of Significant Accounting Policies (Continued)**

**A. Reporting Entity (Concluded)**

A financial benefit or burden relationship exists between the primary government and the component unit if any one of the following conditions exist: (1) the primary government is legally entitled to or can otherwise access the organization's resources; (2) the primary government is legally obligated or has otherwise assumed the obligation to finance the deficits of, or provide financial support to, the organization; or (3) the primary government is obligated in some manner for the debt of the organization.

Where no financial accountability exists, a legally separate, tax-exempt organization is reported as a component unit if all three of the following criteria are met: (1) the economic resources received or held by the organization are for the direct benefit of the primary government or its constituents; (2) the primary government is entitled to or has the ability to otherwise access a majority of the organization's economic resources; and (3) the economic resources received or held by the organization are significant to the primary government.

Using these criteria, the Southeastern Illinois College Foundation ("Foundation") has been determined to be a legally separate, tax-exempt component unit of the College. The Foundation was organized and operates exclusively for educational and charitable purposes designed to promote the welfare of the College. The board of the Foundation consists of graduates and friends of the College. Although the College does not control the timing or amount of receipts from the Foundation, the majority of the resources, or income thereof, that the Foundation holds and invests are restricted to the activities of the College by the donors. Because these restricted resources held by the Foundation can only be used by or for the benefit of the College, the Foundation is considered a component unit of the College and is discretely presented in the College's financial statements. Complete financial statements for the Foundation can be obtained from the Foundation office.

**NOTE 1: Summary of Significant Accounting Policies (Continued)**

**B. Measurement Focus, Basis of Accounting, and Financial Statement Presentation**

For financial reporting purposes, the College is considered a special-purpose government engaged only in business-type activities. Accordingly, the College's financial statements have been presented using the economic resources measurement focus and the accrual basis of accounting. Under the accrual basis, revenues are recognized when earned, and expenses are recorded when an obligation has been incurred. All significant intra-agency transactions have been eliminated.

Non-exchange transactions, in which the College receives value without directly giving equal value in return, include property taxes; federal, state, and local grants; state appropriations; and other contributions. On an accrual basis, revenue from property taxes is recognized in the period for which the levy is intended to finance. Revenue from grants, state appropriations, and other contributions is recognized in the year in which all eligibility requirements have been satisfied. Eligibility requirements include timing requirements, which specify the year when the resources are required to be used or the fiscal year when the use is first permitted, matching requirements, in which the College must provide local resources to be used for a specified purpose, and expenditure requirements, in which the resources are provided to the College on a reimbursement basis.

The accounting and reporting policies of the College conform to generally accepted accounting principles applicable to government units and Illinois community colleges. The GASB is the accepted standard setting body for establishing accounting and financial reporting principles. These authoritative pronouncements are consistent with the accounting practices prescribed or permitted by the Illinois Community College Board (ICCB), as set forth in the ICCB Fiscal Management Manual. The following is a summary of the more significant policies.

**HARRISBURG, ILLINOIS**

**NOTES TO FINANCIAL STATEMENTS**  
**JUNE 30, 2020**

**NOTE 1: Summary of Significant Accounting Policies (Continued)**

C. Classification of Revenues

Operating revenue includes activities that have the characteristics of exchange transactions such as (1) student tuition and fees and (2) sales and services of auxiliary enterprises, net of scholarship discounts and allowances. Non-operating revenue includes activities that have the characteristics of non-exchange transactions, such as (1) local property taxes, (2) state appropriations, (3) certain federal, state, and local grants and contracts and federal appropriations, and (4) gifts and contributions.

D. Budgets

Although the College adopts an expanded operational budget, the budget legally required by the Illinois Community College Board contains only a statement of the cash on hand at the beginning of the fiscal year, an estimate of the cash expected to be received during such fiscal year from all sources, an estimate of the expenditures contemplated for such fiscal year, and a statement of the estimated cash expected to be on hand at the end of such year.

E. Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Accordingly, actual results may differ from those estimates.

F. Cash and Cash Equivalents

Cash includes deposits held at banks and small amounts of cash on hand and petty cash funds. Illinois Funds Money Market Fund is considered to be cash equivalent due to their liquidity or short-term nature.

HARRISBURG, ILLINOIS**

**NOTES TO FINANCIAL STATEMENTS

**NOTE 1: Summary of Significant Accounting Policies (Continued)**

**G. Receivable from Outside Agencies**

The receivable from outside agencies is made up of amounts due from various governmental agencies. The amounts from the governmental agencies are considered to be 100% collectible.

**H. Tuition Received in Advance**

Summer and fall tuition received in advance includes tuition and fees collected during the fiscal year which relate to the period after June 30, 2020 and are reported as unearned revenue at June 30, 2020.

**I. Inventories**

Inventories consisting of textbooks, college apparel, food, and miscellaneous school supplies are stated at the lower of average cost or net realizable value.

**J. Capital Assets**

Capital assets include property, plant equipment, and infrastructure assets, such as roads and sidewalks. Capital assets are defined by the College as assets with an initial cost of \$5,000 or more and an estimated useful life in excess of one year. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair market value at the date of donation. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets' lives are not capitalized. Major outlays for capital assets and improvements are capitalized as projects are constructed.

Depreciation is computed by the straight-line method over the estimated lives as follows:

<u>Type of Property and Equipment</u>	<u>Estimated Useful Life</u>
Land improvements	20 Years
Buildings	50 Years
Equipment	5-15 Years

**NOTE 1: Summary of Significant Accounting Policies (Continued)**

**K. Deferred Outflows/Inflows of Resources**

In addition to assets, the statement of net position reports a separate section for deferred outflows of resources. This separate financial statement element represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense) until then. The College only has one item that qualifies for reporting in this category. It is the federal, trust, or grant pension contributions paid during the current fiscal year. See Note 6 to the financial statements for additional details.

In addition to liabilities, the statement of net position reports a separate section for deferred inflows of resources. This separate financial statement element represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The College has only one type of item, unavailable revenue, which arises only under a modified accrual basis of accounting, that qualifies for reporting in this category. The College reports unavailable revenue of four types: unearned tuition and student fees; Heritage Festival booth rental fees; grants, and tax levies collected in the current fiscal year but applicable to periods occurring after year end; and the unamortized portion of the net difference between projected and actual earnings on OPEB investments. These amounts are deferred and recognized as an inflow of resources in the period that the amounts become available.

**L. Amortization of Bond Issuance Premium/Discount**

The College amortizes bond issuance premiums and discounts by the effective interest method over the period the related bond issue is outstanding. The bond premium/discount is amortized by using the same interest rate as the related bond issue, and the current period amortization is shown as a decrease (for a premium) or increase (for a discount) to current period interest expense.

**M. Net Position**

Net investment in capital assets – This represents the College’s total investment in capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes or other borrowings that are attributable to the acquisition, construction, or improvement of those assets.

**SOUTHEASTERN ILLINOIS COMMUNITY COLLEGE DISTRICT NO. 533  
HARRISBURG, ILLINOIS**

**NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2020**

**NOTE 1: Summary of Significant Accounting Policies (Continued)**

**M. Net Position (Concluded)**

Restricted net position – expendable – This includes assets/resources that the College is legally or contractually obligated to spend in accordance with restrictions imposed by external third parties, reduced by any liabilities and deferred inflows of resources related to those assets. Sources of restricted revenue include federal, state, and private grants and contracts. Externally restricted funds may be utilized only in accordance with the purpose established by the source of such funds and are in contrast with unrestricted funds over which the Board of Trustees retains full control to use in achieving any of its institutional purposes. When both restricted and unrestricted resources are available for use, it is the College's policy to use restricted resources first, then unrestricted resources when they are needed.

Unrestricted net position – This represents assets/resources derived from student tuition and fees, state appropriations, and sales and services of educational departments and auxiliary enterprises. These resources are used for transactions relating to the educational and general operations of the College and may be used at the discretion of the Board of Trustees to meet current expenses for any lawful purpose.

**N. Insurance Coverage**

Significant losses are covered by commercial insurance for all major programs: property, liability, and workman's compensation. During the year ended June 30, 2020, there were no significant reductions in coverage. Also, there have been no settlement amounts exceeding insurance coverage in the past three years.

**O. Account Groups**

The College maintains a General Long-Term Debt Account Group and General Fixed Asset Account Group to track the balances of debt to be paid from the debt service fund and fixed assets acquired by governmental funds, respectively. As these are not funds, they have been excluded from the Combined Balance Sheet - All Fund Types, but their balances are included in the Statement of Net Position.

HARRISBURG, ILLINOIS**

**NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2020**

**NOTE 1: Summary of Significant Accounting Policies (Continued)**

**P. Pensions**

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the plan net position of the State Universities Retirement System (SURS or the System) and additions to/deductions from SURS' plan net position has been determined on the same basis as they are reported by SURS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

For the purposes of financial reporting, the State of Illinois and participating employers are considered to be under a special funding situation. A special funding situation is defined as a circumstance in which a non-employer entity is legally responsible for making contributions directly to a pension plan that is used to provide pensions to the employees of another entity or entities and either (1) the amount of the contributions for which the non-employer entity is legally responsible is not dependent upon one or more events unrelated to pensions or (2) the non-employer is the only entity with a legal obligation to make contributions directly to a pension plan. The State of Illinois is considered a non-employer contributing entity. Participating employers are considered employer contributing entities.

**Q. Scholarship Discounts and Allowances**

Student tuition and fee revenues, and certain other revenues from students, are reported net of scholarship discounts and allowances in the Statement of Revenues, Expenses, and Changes in Net Position. Scholarship discounts and allowances are the difference between the stated charge for goods and services provided by the College, and the amount that is paid by students or third parties making payments on the students' behalf. Certain governmental grants, such as Pell grants, and other federal, state or nongovernmental programs, are recorded as nonoperating revenues in the College's financial statements. To the extent that revenues from such programs are used to satisfy tuition and fees and other student charges, the College has recorded a scholarship discount and allowance.

**R. Federal Financial Assistance Programs**

The College participates in federally funded PELL Grants, SEOG Grants, Federal Work-Study, and Federal Family Education Loan Programs. Federal programs are audited in accordance with the Title 2 *U.S Code of Federal Regulations* (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance), *Federal Awarding Agency Regulatory Implementation of Office of Management and Budget's Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards, Audit of States, Local Governments and Non-Profit Organizations*, and the *Compliance Supplement*.

**S. Fund Balance Policy**

The College maintains a fund balance policy to assure sufficient fiscal resources are available in the event of occurrences that could adversely affect the College's cash flow, responsibilities, and services. The general operating fund balance should be at a minimum 30% of the annual operating budget expenditures or the average of the previous three operating budget expenditures. All other funds, restricted or unrestricted, will be maintained in compliance with federal, state, and local laws and/or policies.

**T. Property Taxes**

Property tax revenues are reported in accordance with the National Council on Governmental Accounting (NCGA) Interpretation No. 3, Revenue Recognition – Property Taxes, GASB Statement No. 33, Accounting and Financial Reporting for Nonexchange Transactions, and GASB Interpretation No. 5, Property Tax Revenue Recognition in Governmental Funds. Consequently, under the accrual basis of accounting, property tax revenue is recognized in the period for which the taxes are levied. Property tax receivables are reported when the College has an enforceable legal claim to the taxes, which is considered to be the lien date.

U. Component Unit

The Foundation is required to report information regarding its financial position and activities based on the existence or absence of donor or grantor imposed restrictions. Accordingly, net assets and changes therein are classified and reported as follows:

*Net Assets Without Donor Restrictions* – Net assets available for use in general operations and not subject to donor (or certain grantor) restrictions. The governing board has designated, from net assets without donor restrictions, net assets for an operating reserve, and board-designated endowment.

*Net Assets With Donor Restrictions* – Net assets subject to donor (or certain grantor) imposed restrictions. Some donor-imposed restrictions are temporary in nature, such as those that will be met by the passage of time or other events specified by the donor. Other donor-imposed restrictions are perpetual in nature, where the donor stipulates that resources be maintained in perpetuity. Donor-imposed restrictions are released when a restriction expires, that is, when the stipulated time has elapsed, when the stipulated purpose for which the resource was restricted has been fulfilled, or both.

Revenue are reported as increases in net assets without donor restrictions unless use of the related assets is limited by donor-imposed restrictions. Contributions, including unconditional promises to give as applicable, are recognized as revenue in the period received. Conditional promises to give are not recognized as revenue until the conditions on which they depend are substantially met. Contributions of donated noncash assets are recorded at their fair values in the period received.

Expenses are reported as decreases in net assets without donor restrictions. Gain and losses on investments and other assets or liabilities are reported as increases or decreases in the appropriate net position class as determined by donor stipulation and in accordance with the law.

V. Recent Accounting Guidance

During the year ended June 30, 2020, Southeastern Illinois Community College District No. 533 decided to early implement ASU 2016-02 *Leases* (Topic 842). The adoption of Topic 842 requires a modified retrospective transition approach which involves applying the new standard to all leases existing at the date of initial application. The reporting entity must adjust its balance sheet as of the date of initial application to reflect the application of the new standard to existing leases and reassess any existing leases. All leases entered into by the College prior to the fiscal year ended June 30, 2020 were completed. The new standard has been applied to all new leases entered into by the College during this fiscal year.

W. Date of Management's Review

The College has evaluated subsequent events through November 30, 2020, the date which the financial statements were available to be issued.

X. Effect of COVID-19 Pandemic

On March 11, 2020, the World Health Organization ("WHO") recognized COVID-19 as a global pandemic, prompting many national, regional, and local governments to implement preventative or protective measures, such as travel and business restrictions, temporary store closures, and wide-sweeping quarantines and stay-at-home orders. As a result, COVID-19 and the related restrictive measures have had a significant adverse impact upon many sectors of the economy. We believe the ultimate financial impact of the COVID-19 pandemic on Southeastern Illinois Community College District No. 533 is likely to be determined by factors which are uncertain, unpredictable and outside of the control of the College. The situation surrounding COVID-19 remains fluid and, if disruptions do arise, they could materially adversely affect future revenues.

**NOTE 2: Cash and Cash Equivalents**

At June 30, 2020, the carrying amount of the College's deposits at financial institutions was \$18,629,719, which does not include \$4,722 cash on hand and petty cash funds held at the College. The bank balance was \$18,651,153.

	<u>\$ 908,385</u>

The Illinois Funds Money Market Fund is a money market fund created in 1975 by the Illinois General Assembly. Its primary purpose is to provide custodians of public funds with an alternative investment vehicle which enable them to earn a competitive rate of return on fully collateralized investments, while maintaining immediate access to invested funds.

**SOUTHEASTERN ILLINOIS COMMUNITY COLLEGE DISTRICT NO. 533  
HARRISBURG, ILLINOIS**

**NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2020**

**NOTE 2: Cash and Cash Equivalents (Concluded)**

The monies invested by the individual participants are pooled together and invested in U.S. Treasury bills and notes backed by full faith and credit of the U.S. Treasury. In addition, monies are invested in fully collateralized time deposits in Illinois financial institutions, in collateralized repurchase agreements, and in treasury mutual funds that invest in U.S. Treasury obligations and collateralized repurchase agreements.

The time deposits are collateralized 105% over FDIC's \$250,000 insurance with U.S. Treasury obligations and marked to market on a daily basis to maintain sufficiency. The repurchase agreements are collateralized at 102% with U.S. Treasury obligations and the collateral is checked daily to determine sufficiency.

The individual participants maintain separate investment accounts representing a proportionate share of the pool of assets and its respective collateral; therefore no collateral is identified with each individual participant's account. Given the nature of the Illinois Funds Money Market Fund, the carrying value approximates market value.

**NOTE 3: Changes in Capital Assets**

The following is a schedule of the College's investment in capital assets. The investment in capital assets is determined by reducing historical cost by accumulated depreciation. Depreciation expense for June 30, 2020 was \$636,822.

**NOTE 5: Property Taxes**

The 2018 property tax extension has been deferred to comply with Government Accounting Standards Board Statement No. 33 since it was levied to finance activities of the 2018/2019 academic year. In accordance with these guidelines, property tax revenue is to be recognized in the period the levy is intended to finance.

The College must file its tax levy ordinance by the last Tuesday in December of each year. The College's property tax is levied each year on all taxable real property located within the District. These taxes attach an enforceable lien on real property as of January 1 and are payable in two installments; due dates vary by county. The College receives significant property tax receipts from July through November.

General Information about the Pension Plan

*Plan Description*

The Southeastern Illinois Community College District No. 533 contributes to the State Universities Retirement System of Illinois (SURS), a cost-sharing multiple-employer defined benefit plan with a special funding situation whereby the State of Illinois (State) makes substantially all actuarially determined required contributions on behalf of the participating employers. SURS was established July 21, 1941, to provide retirement annuities and other benefits for staff members and employees of state universities, certain affiliated organizations, and certain other state educational and scientific agencies and for survivors, dependents, and other beneficiaries of such employees. SURS is considered a component unit of the State's financial reporting entity and is included in the State's Comprehensive Annual Financial Report (CAFR) as a pension trust fund. SURS is governed by Chapter 40, Act 5, Article 15 of the *Illinois Compiled Statutes*. SURS issues a publicly available financial report that includes financial statements and required supplementary information. That report may be obtained by accessing the website at [www.SURS.org](http://www.SURS.org).

**NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2020**

**NOTE 6: Defined Benefit Pension Plan (Continued)**

*Benefits Provided*

A traditional benefit plan was established in 1941. Public Act 90-0448 enacted effective January 1, 1998, established an alternative defined benefit program known as the portable benefit package. The traditional and portable plan Tier 1 refers to members that began participation prior to January 1, 2011. Public Act 96-0889 revised the traditional and portable benefit plans for members who begin participation on or after January 1, 2011, and who do not have other eligible reciprocal system services. The revised plan is referred to as Tier 2. New employees are allowed six months after their date of hire to make an irrevocable election whether to participate in wither the traditional or portable benefit plans. A summary of the benefit provisions as of June 30, 2019 can be found in the SURS CAFR's Notes to the Financial Statements.

*Contributions*

The State is primarily responsible for funding the System on behalf of the individual employers at an actuarially determined amount. Public Act 88-0593 provides a statutory funding plan consisting of two parts: (i) a ramp-up period from 1996 to 2010 and (ii) a period of contributions equal to a level percentage of the payroll of active members within SURS to reach 90% of the total Actuarial Accrued Liability by the end of Fiscal Year 2045. Employer contributions from "trust, federal, and other funds" are provided under Section 15-155(b) of the Illinois Pension Code and require employers to pay contributions which are sufficient to cover the accruing normal costs on behalf of applicable employees. The employer normal cost for fiscal year 2019 and fiscal year 2020, respectively, was 12.29% and 13.02% of employee payroll. The normal cost is equal to the value of current year's pension benefit and does not include any allocation for the past unfunded liability or interest on the unfunded liability. Plan members are required to contribute 8.0% of their annual covered salary, except for police officers and fire fighters who contribute 9.5% of their earnings. The contribution requirements of plan members and employers are established and may be amended by the State's General Assembly.

*Contributions (Concluded)*

Participating employers make contributions toward separately financed specific liabilities under Section 15-139.5(e) of the Illinois Pension Code (relating to contributions payable due to the employment of “affected annuitants” or specific return to work annuitants), Section 15-155(g) (relating to contributions payable due to earning increases exceeding 6% during the final rate of earnings period), and Section 15-155(j-5) (relating to contributions payable due to earnings exceeding the salary set for the Governor).

Pension Liabilities, Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

*Net Pension Liability*

The new pension liability (NPL) was measured as of June 30, 2019. At June 30, 2019, SURS reported a NPL of \$28,720,071,173.

*Employer Proportionate Share of Net Pension Liability*

The amount of the proportionate share of the NPL to be recognized for Southeastern Illinois Community College District No. 533 is \$0. The proportionate share of the State’s NPL associated with the Southeastern Illinois Community College District No. 533 is \$40,897,381 or 0.1424%. This amount is not recognized in Southeastern Illinois Community College District No. 533’s financial statements. The NPL and total pension liability as of June 30, 2019, was determined based on the June 30, 2018, actuarial valuation rolled forward. The basis of allocation used in the proportionate share of net pension liability is the actual reported pensionable contributions made to SURS during fiscal year 2019.

*Pension Expense*

At June 30, 2019 SURS reported a collective net pension expense of \$3,094,666,252.

HARRISBURG, ILLINOIS**

**NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2020**

**NOTE 6: Defined Benefit Pension Plan (Continued)**

*Employer Proportionate Share of Pension Expense*

The employer proportionate share of collective pension is recognized as nonoperating revenue with matching operating expense (compensation and benefits). The basis of allocation used in the proportionate share of collective pension expense is the actual reported pensionable contributions made to SURS during fiscal year 2019. As a result, Southeastern Illinois Community College District No. 533 recognized on-behalf revenue and pension expense of \$4,406,805 for the fiscal year ended June 30, 2020.

*Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions*

Deferred outflows of resources are the consumption of net position by SURS that is applicable to future reporting periods. Conversely, deferred inflows of resources are the acquisition of net position by SURS that is applicable to future reporting periods.

**Employer Deferral of Fiscal Year 2020 Pension Expense**

Employer paid \$34,542 in federal, trust or grant contributions for the fiscal year ended June 30, 2020. These contributions were made subsequent to the pension liability measurement date of June 30, 2019, and are recognized as deferred outflows of resources as of June 30, 2020.

**Assumptions and Other Inputs**

*Actuarial Assumptions*

The actuarial assumptions used in the June 30, 2019, valuation were based on the results of an actuarial experience study for the period June 30, 2014, through June 30, 2017. The total pension liability in the June 30, 2019, actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	2.25 percent
Salary increases	3.25 to 12.25 percent, including inflation
Investment rate of return	6.75 percent beginning with the actuarial valuation as of June 30, 2018

Assumptions and Other Inputs (Continued)

*Actuarial Assumptions (Concluded)*

Mortality rates were based on the RP-2014 White Collar, gender distinct tables with projected generational mortality and a separate morality assumption for disabled participants.

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of the arithmetic real rates of return were adopted by the plan's trustees after considering input from the plan's investment consultants and actuary. For each major asset class that is included in the pension plan's target asset allocation as of June 30, 2019, these best estimates are summarized in the following table:

Asset Class	Target Allocation	Long-Term Expected Real Rate of Return
U.S. Equity	23%	5.25%
Private Equity	6%	8.65%
Non-U.S. Equity	19%	6.75%
Global Equity	8%	6.25%
Fixed Income	19%	1.85%
Treasury-Inflation Protected Securities	4%	1.20%
Emerging Market Debt	3%	4.00%
Real Estate REITS	4%	5.70%
Direct Real Estate	6%	4.85%
Commodities	2%	2.00%
Hedged Strategies	5%	2.85%

Assumptions and Other Inputs (Concluded)

*Discount Rate*

A single discount rate of 6.59% was used to measure the total pension liability. This single discount rate was based on an expected rate of return on pension plan investments of 6.75% and a municipal bond rate of 3.13% (based on the weekly rate closest to but not later than the measurement date of the 20-Year Bond Buyer Index as published by the Federal Reserve). The projection of cash flows used to determine this single discount rate were the amounts of contributions attributable to current plan members and assumed that plan member contributions will be made at the current contribution rate and that employer contributions will be made at rates equal to the statutory contribution rates under the SURS funding policy. Based on these assumptions, the pension plan's fiduciary net position and future contributions were sufficient to finance the benefit payments through the year 2075. As a result, the long-term expected rate of return on pension plan investments was applied to projected benefit payments through the year 2075, and the municipal bond rate was applied to all benefit payments after that date.

*Sensitivity of the System's Net Pension Liability to Changes in the Discount Rate*

Regarding the sensitivity of the NPL to changes in the single discount rate, the following presents the State's NPL, calculated using a single discount rate of 6.59%, as well as what the State's NPL would be if it were calculated using a single discount rate that is 1-percentage-point lower or 1-percentage-point higher:

1% Decrease	Current Single Discount Rate	1% Increase
5.59%	Assumption 6.59%	7.59%
\$34,786,851,779	\$28,720,071,173	\$23,712,555,197

Additional information regarding the SURS basic financial statements, including the plan's net position, can be found in the SURS CAFR by accessing the website at [www.SURS.org](http://www.SURS.org).

**NOTE 7: Post-Employment Benefits**

*Plan Description*

In addition, Southeastern Illinois Community College District No. 533 contributes to the Community College Health Insurance Security Fund (CCHISF) (also known as the College Insurance Program “CIP”) that was established under the State Employees Group Insurance Act of 1971, as amended, 5 ILCS 375/6.9(f), which became effective July 1, 1999. The CCHISF is a cost-sharing, multiple-employer defined benefit OPEB Trust Fund, which has a special funding situation as described in 40 ILCS 15/1.4. A non-employer (the State) is required by statute to contribute a defined percentage of participant payroll directly to the OPEB plan, which is administered through the trust.

CCHISF has no component units and is not a component unit of any other entity. However, because CCHISF is not legally separate from the State of Illinois, the financials statements of the CCHISF are included in the financial statements of the State of Illinois as a pension (and other employee benefit) trust fund. This fund is a non-appropriated trust fund held outside the State Treasury, with the State Treasurer as custodian. Additions deposited into the Trust are for the sole purpose of providing health benefits to retirees, as established under the plan and associated administrative cost.

*Benefits Provided*

Through the trust the State provides health, dental, vision, and life insurance benefits for retirees and their dependents. Substantially all State employees become eligible for post-employment benefits if they eventually become annuitants of one of the State sponsored pension plans. Health, dental, and vision benefits include basic benefits for annuitants and their dependents under the State’s self-insurance plan and insurance contracts currently in force. Annuitants may be required to contribute towards health, dental, and vision benefits with the amount based on factors such as date of retirement, years of credited service with the State, whether the annuitant is covered by Medicare, and whether the annuitant has chosen a managed care health plan. Annuitants who retired prior to January 1, 1998, and who are vested in the State Employees’ Retirement System do not contribute towards health, dental, and vision benefits. For annuitants who retire on or after January 1, 1998, the annuitant’s contribution is reduced five percent for each year of credited service with the State allowing those annuitants with twenty or more years of credited service to not have to contribute towards health, dental, and vision benefits.

**NOTE 7: Post-Employment Benefits (Continued)**

*Benefits Provided (Concluded)*

Annuitants also receive life insurance coverage equal to the annual salary of the last day of employment until age 60, at which time the benefit becomes \$5,000.

The State pays for a portion of the employer costs for the benefits provided. The total cost of the State's portion of the health, dental, vision, and life insurance benefits of all members, including post-employment health, dental, vision, and life insurance benefits, is recognized as an expenditure by the State in the Illinois Comprehensive Annual Financial Report. The State finances the costs on a pay-as-you-go basis. The total costs incurred for health, dental, vision, and life insurance benefits are not separated by department or component unit for annuitants and their dependents nor active employees and the dependents.

A summary of post-employment benefit provision, changes in benefit provisions, employee eligibility requirements including eligibility for vesting, and the authority under which benefit provisions are established are included as an integral part of the financial statements of the Department of Central Management Services. A copy of the financial statements of the Department of Central Management Services, may be obtained by writing to the Department of Central Management Services, Stratton Office Building, 401 South Spring Street, Springfield, IL 62706.

*Contributions*

The State Employees Group Insurance Act of 1971 (5 ILCS 375/6.10) requires every active contributor of the State Universities Retirement System (SURS), who is a full-time employee of a community college district or an association of community college boards, to make contributions to the plan at the rate of 0.5% of salary. The same section of statute requires every community college district or association of community college boards that is an employer under the SURS, to contribute to the plan an amount equal to 0.5% of the salary paid to its full-time employees who participate in the plan. The State Pension Funds Continuing Appropriation Act (40 ILCS15/1.4) requires the State to make an annual appropriation to the fund in an amount certified by the SURS Board of Trustees. The State Employees Group Insurance Act of 1971 (5 ILCS 375/6.9) requires the Director of the Department to determine the rates and premiums for annuitants and dependent beneficiaries and establish the cost-sharing parameter, as well as funding. At the option of the board of trustees, the college districts may pay all or part of the balance of the cost of coverage for retirees from the district.

**NOTE 7: Post-Employment Benefits (Continued)**

*Contributions (Concluded)*

Administrative costs are paid by the CCHISF. At June 30, 2020, the College's policy was not to subsidize health insurance premiums of their retirees.

Employers participating in a cost-sharing OPEB plan, and any non-employer contributing entities that meet the definition of a special funding situation, are required to recognize their proportionate share of the collective OPEBs amounts for the OPEB benefits provided to members through the CCHISF plan. During fiscal year 2019, the College recognized OPEB contributions of \$25,504.

*Actuarial Assumptions*

The total OPEB liability was determined by an actuarial valuation as of June 30, 2019, using the following actuarial assumptions, applied to all periods included in the measurement, unless otherwise specified.

Inflation	2.25%
Salary increases	Depends on service and ranges from 12.25% at less than 1 year of service to 3.25% at 34 or more years of service. Salary increase includes a 3.25% wage inflation assumption
Investment rate of return	0%, net of OPEB plan investment expense, including inflation
Healthcare cost trend rates	Actual trend used for fiscal year 2019. For fiscal years on and after 2020, trend starts at 8.00% and 9.00% for non-Medicare costs and post-Medicare costs, respectively, and gradually decreases to an ultimate trend of 4.50%. Additional trend rate of 0.39% is added to non-Medicare costs on and after 2021 to account for the Excise Tax.

Mortality rates for retirement and beneficiary annuitants were based on the RP-2014 White Collar Annuitant Mortality Table, adjusted for SURS experience. For disabled annuitants, those rates were based on the RP-2014 Disabled Annuitant Table. The rates for pre-retirement were based on the RP-2014 White Collar Table. All tables reflect future mortality improvements using Projection Scale MP-2017.

**NOTE 7: Post-Employment Benefits (Continued)**

*Actuarial Assumptions (Concluded)*

The actuarial assumptions used in the June 30, 2017 valuation were based on the results of an actuarial experience study for the period July 1, 2010 through June 30, 2014.

Projected benefit payments are required to be discounted to their actuarial present values using a Single Discount Rate that reflects (1) a long-term expected rate of return on OPEB plan investments (to the extent that the plan's fiduciary net position is projected to be sufficient to pay benefits), and (2) tax-exempt municipal bond rate based on an index of 20-year general obligation bonds with an average AA credit rating as of the measurement date (to the extent that the contributions for use with the long-term expected rate of return are not met). Since the CIP fund is financed on a pay-as-you-go basis, a discount rate consistent with the 20-year general obligation bond index has been selected. The discount rates are 3.62% as of June 30, 2018, and 3.13% as of June 30, 2019. The decrease in the single discount rate from 3.62% to 3.13% caused the College's total OPEB liability to increase by approximately \$6,989 from 2018 to 2019.

The actuarial valuation was based on the Entry Age Normal cost method. Under this method, the normal cost and actuarial accrued liability are directly proportional to the employee's salary. The normal cost rate equals the present value of future benefits at entry age divided by the present value of the future salary at entry age. The normal cost at the member's attained age equals the normal cost rate at entry age multiplied by the salary at attained age. The actuarial accrued liability equals the present value of the benefits at attained age less present value of future salaries at attained age multiplied by normal cost rate at entry age.

During the plan year ending June 30, 2019, the collective trust earned \$48,000 in interest and due to the significant benefit payable, the market value of assets at June 30, 2019 of the collective trust is a negative \$74,856,000. Given the significant benefit payable, negative asset value and pay-as-you-go funding policy, the long-term expected rate of return assumptions was set to zero.

*OPEB Liabilities, OPEB Expense, and Deferred Outflows of Resources and  
Deferred Inflows of Resources Related to OPEB*

The collective net OPEB liability was measured as of June 30, 2019. At June 30, 2019, the CCHISF reported a net OPEB liability of \$1,888,540,493.

At June 30, 2020, the College reported a liability for its proportionate share of the net OPEB liability that is reflected as a reduction for State OPEB support provided to the College. The collective net OPEB liability was measured as of June 30, 2019, and the total OPEB liability used to calculate the collective net OPEB liability was determined by an actuarial valuation as of that date. The College's proportion of the collective net OPEB liability was based on a projection of the College's long-term share of contributions to the OPEB plan relative to the projected contributions of the College, actuarially determined. At June 30, 2019, the College's proportion was \$5,512,985 (.291918%), which was a decrease of .000138% from its proportion measured as of June 30, 2018 of \$5,505,996 (.292056%). The State's support and total are for disclosure purposes only. The amount recognized by the College as its proportionate share of the net OPEB liability, the related State support, and the total portion of the net OPEB liability that was associated with the College were as follow:

Employer's proportionate share of the net OPEB liability	\$ 5,512,985

Federal & State Grants

The College has received a number of Federal and State grants for specific purposes which are subject to review and audit by grantor agencies. Such audits may result in requests for reimbursement to granting agencies for expenditures disallowed under the terms of the grants. Based on prior experience, College management believes that such disallowances, if any, will not be material.

Construction in Progress

The College has completed the construction the Ella Elizabeth Hise Museum of Regional Art. The entire \$2,039,126 cost of the museum was placed into service on February 4, 2020.

As of June 30, 2020, the balance of \$462,191 in construction in progress consisted of the following projects: Veterans Memorial, trap shooting range, PHS flooring replacement project, PHS energy conservation interior lighting phase 2, ADA athletic toilet/shower facilities, PHS weatherization, PHS loading dock, PHS walk-in cooler/freezer replacement, and Carmi Rebuild Illinois project.

Summary of Significant Accounting Policies

Nature of Organization

The Southeastern Illinois College Foundation is a not-for-profit charitable organization. The Foundation is dedicated to serving the needs of Southeastern Illinois College and its students.

Basis of Accounting

The financial statements of Southeastern Illinois College Foundation have been prepared on the accrual basis of accounting and accordingly reflect all significant receivables, payables, and other liabilities.

Basis of Presentation

Financial statement presentation follows the recommendations of the Financial Accounting Standards Board (FASB) in its Accounting Standards Update (ASU) 2016-14, *Presentation of Financial Statements of Not-for-Profit Entities*. Under ASU 2016-14, the Foundation is required to report information regarding its financial position and activities according to two classes of net assets: net assets with donor restrictions and net assets without donor restrictions.

Cash

Cash consists of checking and savings accounts, and cash balances maintained by investment brokers.

Expense Allocation

The costs of providing various programs and other activities have been summarized on a functional basis in the Statement of Activities. Accordingly, certain costs have been allocated among the programs and supporting services benefited. The following is a brief description of each program:

Scholarships – Payout of scholarships administered by the Southeastern Illinois College Foundation.

College Support – The category includes the awarding of annual stipends and donations from Southeastern Illinois College Foundation to Southeastern Illinois College.

Fundraising – Expenses incurred in executing large fundraising events including the Rodney J. Brenner Memorial Buddy Bass Tournament and Junior Falcon Productions.

Management and General – This administrative category includes: personnel expenses, money management fees, awards and plaques, and board and committee meetings.

The Statement of Functional Expenses presents the natural classification of expenses by function. Accordingly, certain costs have been allocated among the programs and supporting services benefited. The expenses that are allocated include personnel services, which are allocated based on management's estimate of time and effort. Directly identifiable expenses are charged to the appropriate program. Management and general expenses include those expenses that are not directly identifiable with any other specific function but provide for the overall support and direction of Southeastern Illinois College Foundation.

Fund Accounting

The accounts of the Foundation are maintained in accordance with the principles of fund accounting. Under fund accounting, resources for various purposes are classified for accounting and reporting purposes into funds established according to their nature and purpose.

Revenue Recognition

Contributions received are recorded as with donor restriction or without donor restrictions, depending on the existence and/or nature of any donor-imposed restrictions.

All donor-restricted contributions are reported as an increase in restricted net assets, depending on the nature of the restriction. When a donor restriction expires (that is, when a stipulated time restriction ends or purpose restriction is accomplished), net assets with donor restrictions are reclassified to net assets without donor restriction and reported in the statement of activities as net assets without donor restrictions.

Contributions of donated services that create or enhance nonfinancial assets or that require specialized skills, are provided by individuals possessing those skills, and would typically need to be purchased if not provided by donation, are recorded at their fair values in the period received.

Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Promises To Give

Unconditional promises to give are recognized as revenues or gains in the period received and as assets, decreases of liabilities, or expenses depending on the form of the benefits received. Conditional promises to give are recognized only when the conditions on which they depend are substantially met and the promises become unconditional.

Investments

Investments in marketable securities with readily determinable fair values and all investments in debt securities are valued at their fair values in the statement of financial position. Unrealized gains and losses are included in the change in net assets in the accompanying statement of activities.

Investment Expenses

Expenses related to investment revenues, including custodial fees and investment advisory fees, amounted to \$30,852 and have been included in management and general expenses in the accompanying statement of activities.

Donated Assets

Donated marketable securities, property and equipment, and other noncash donations are recorded as contributions at their fair values at the date of donation. Assets donated with explicit restrictions regarding their use and contributions of cash that must be used to acquire property and equipment are reported as increases in net assets with donor restrictions. It is the Foundation's policy to imply a time restriction, based on the assets' estimated useful lives, on donations of property and equipment that are not restricted as to their use by the donor. Accordingly, those donations are recorded as increases in net assets with donor restrictions. The Foundation reclassifies net assets with donor restrictions to net assets without donor restrictions each year for the amount of depreciation expense relating to the donated property and equipment.

Donated Assets (Concluded)

Southeastern Illinois College provides office space and the necessary administrative services to the Foundation at no charge. The rental value of the office space is recorded at fair rental value equivalent to similar facility space. Other amounts have been recorded based on the actual cost to the College for the services.

Property and Equipment

It is the Foundation's policy to capitalize property and equipment over \$500. Lesser amounts are expensed. Purchased property and equipment are capitalized at cost. Property and equipment are depreciated using the straight-line method. Buildings are depreciated over estimated useful lives of 40 years, land improvements over 15 years, and equipment over 7 years.

Income Tax Status

The Foundation has been granted exempt status under Code Section 501(c)(3) of the Internal Revenue Code; therefore, no provision for federal income tax has been made in the accompanying financial statements. In addition, the Foundation qualifies for the charitable contribution deduction under Section 170(b)(1)(A) and has been classified as an organization that is not a private foundation under Section 509(a)(2). The Foundation qualifies for the fifty percent (50%) charitable contributions deduction for individual donors. The Foundation's federal Exempt Organization Business Income tax Returns (Form 990) for 2017, 2018, and 2019 are subject to examination by the IRS, generally for three years after they were filed.

Endowment Funds

Financial accounting standards provide guidance on reporting on net asset classifications of donor-restricted endowment funds for a nonprofit organization that is subject to an enacted version of the Uniform Prudent Management of Institutional Funds Act of 2006 (UPMIFA). Accounting standards also require additional disclosures about an organization's endowment funds (both donor-restricted and board-designated endowment funds) whether or not the organization is subject to UPMIFA.

The State of Illinois enacted UPMIFA effective June 30, 2009, the provisions of which apply to endowment funds existing on or established after that date. The Board of Trustees has determined that the majority of the Foundation's net assets with donor restrictions meet the definition of endowment funds under UPMIFA. Based on the Foundation's interpretation of UPMIFA, the Foundation has reviewed all of its endowment funds and classified them as appropriate under UPMIFA.

Net Assets

Net assets, revenues, gains, and losses are classified based on the existence or absence of donor or grantor imposed restrictions. Accordingly, net assets and changes therein are classified and reported as follows:

*Net Assets Without Donor Restrictions* – Net assets available for use in general operations and not subject to donor (or certain grantor) restrictions. The governing board has designated, from net assets without donor restrictions, net assets for an operating reserve and a board-designated endowment.

Net Assets (Concluded)

*Net Assets With Donor Restrictions* – Net assets subject to donor (or certain grantor) imposed restrictions. Some donor-imposed restrictions are temporary in nature, such as those that will be met by the passage of time or other events specified by the donor. Other donor-imposed restrictions are perpetual in nature, where the donor stipulates that resources be maintained in perpetuity. Donor-imposed restrictions are released when a restriction expires, that is, when the stipulated time has elapsed, when the stipulated purpose for which the resource was restricted has been fulfilled, or both.

Date of Management’s Review

Southeastern Illinois College Foundation has evaluated subsequent events through December 2, 2019, the date which the financial statements were available to be issued. Management believes no such events require any additional disclosures.

Effect of COVID-19 Pandemic

On March 11, 2020, the World Health Organization (“WHO”) recognized COVID-19 as a global pandemic, prompting many national, regional, and local governments to implement preventative or protective measures, such as travel and business restrictions, temporary store closures, and wide-sweeping quarantines and stay-at-home orders. As a result, COVID-19 and the related restrictive measures have had a significant adverse impact upon many sectors of the economy. We believe the ultimate financial impact of the COVID-19 pandemic on Southeastern Illinois College Foundation is likely to be determined by factors which are uncertain, unpredictable and outside of the control of the Foundation. The situation surrounding COVID-19 remains fluid and, if disruptions do arise, they could materially adversely affect future revenues.

Accounts Receivable

The Foundation had outstanding accounts receivable of \$2,530 at June 30, 2020. The entire amount was comprised of scholarship donations receivable.

Unconditional Promises to Give

The Foundation has four promises to give. All promises were made for the purpose of paying scholarships. These four promises to give are restricted for scholarships to be awarded to deserving students who meet certain criteria established by the donors.

As of June 30, 2020, the Foundations has promises to give totaling \$3,226. All of these promises to give are due during fiscal year 2020 and are unconditional. Management believes that they are fully collectible. Accordingly, no allowance for uncollectible promises to give has been recorded as of June 30, 2020.

Property Held for Investment

The Foundation holds property for investment purposes. Property purchased by the Foundation is valued at historical cost as of the date of acquisition. Property donated to the Foundation is valued at fair value as of the date of donation. Property held for investment purposes consists of the following at June 30, 2020:

Undeveloped real estate	\$ 69,500
Total property held for investment	<u>\$ 69,500</u>

Investments in Securities

The Foundation invests in equity mutual funds, equity securities, and fixed income securities. Fair values for investments are determined by reference to quoted market prices for similar investments, yield curves, and other relevant information. There were no changes in valuation techniques in the year ended June 30, 2020. The Foundation recognizes transfers into and out of levels within the fair value hierarchy at the end of the reporting period. There were no transfers between levels in the year ended June 30, 2020.

Donor-Designated Endowment Funds

The Foundation's endowment consists of funds established for a variety of purposes. Its endowment includes both donor-restricted funds and funds designated by the Board of Trustees to function as endowments. As required by generally accepted accounting principles, net assets associated with endowment funds are classified and reported based on the existence of donor-imposed restrictions. Funds designated by the Board of Trustees to function as endowments are voluntary and may be reversed by the governing board at any time. Accordingly, they are reported as part of the without donor restrictions class of net assets.

Absent explicit donor stipulations to the contrary, the Board of Trustees of the Foundation has interpreted the State Prudent Management of Institutional Funds (SPMIFA) as requiring the preservation of the fair value of the original gift as of the gift date of the donor-restricted endowment funds absent explicit donor stipulations to the contrary.

Liquidity and Availability

The Southeastern Illinois College Foundation's financial assets available for general expenditures, that is, without donor or other restrictions limiting their use, within one year of the balance sheet date, comprise the following:

Cash held at Banterra Bank	\$ 306,284
Cash held in Money Market	390,476
Cash and Cash Equivalents	<u>\$ 696,760</u>

The Foundation's endowment funds consist of donor-restricted endowments and funds designated by the Foundation's Board as endowments. Income from donor-restricted endowments is restricted for specific purposes, with the exception of the fee that may be accessed for management purposes of 1% per annum. Donor-restricted endowment funds are not available for general expenditures. Currently, the Foundation has \$(255,086) of board designated funds.

As part of the Foundation's liquidity management plan, cash in excess of the Foundation's daily requirements are invested in short-term investments, CDs, and money market funds as determined by the Foundation's Board.

At June 30, 2020, the carrying amount of the Foundation's deposits at financial institutions was \$306,284. The bank balance was \$311,827.

Custodial credit risk is the risk that in the event of a bank failure, the Foundation's deposits may not be returned. As of June 30, 2020, \$61,827 of the Foundation's bank balance of \$311,827 was exposed to custodial credit risk.

**NOTES TO REQUIRED SUPPLEMENTARY INFORMATION  
FOR THE YEAR ENDED JUNE 30, 2020**

*Changes of Benefit Terms.*

There were no benefit changes recognized in the Total Pension Liability as of June 30, 2019.

*Changes of Assumptions.*

In accordance with *Illinois Complied Statutes*, an actuarial review is to be performed at least once every three years to determine the reasonableness of actuarial assumptions regarding the retirement, disability, mortality, turnover, interest, and salary of the members and benefit recipients of SURS. An experience review for the years June 30, 2014 to June 30, 2017 was performed in February 2018, resulting in the adoption of new assumptions as of June 30, 2018.

- Salary increase: Decrease in the overall assumed salary increase rates, ranging from 3.25 percent to 12.25 percent based on years of service, with underlying wage inflation of 2.25 percent.
- Investment Return: Decrease in the investment return assumption to 6.75 percent. This reflects maintaining an assumed real rate of return of 4.50 percent and decreasing the underlying assumed price inflation to 2.25 percent.
- Effective rate of interest: Decrease the long-term assumption for the ERI for crediting the money purchase accounts to 6.75 percent (effective July 2, 2019).
- Normal Retirement Rates: A slight increase in the retirement rate at 50. No change to the rates for ages 60-61, 67-74, and 80+, but a slight decrease in rates at all other ages. A rate of 50 percent if the member has 40 or more years of service and is younger than age 80.
- Early Retirement Rates: Decrease in rates for all Tier I early retirement eligibility ages (55-59).
- Turnover Rates: Change rates to produce lower expected turnover for members with less than 10 years of service and higher turnover for members with more than 10 years of service.
- Mortality Rates: Maintain the RP-2014 mortality tables with projected generational mortality improvement. Update the projection scale from the MP-2014 to the MP-2017 scale.
- Disability Rates: Decrease current rates to reflect that certain members who receive disability benefits do not receive the benefits on a long-term basis.

***Methods and Assumptions Used to Determine Actuarial Liability and Contributions:***

Actuarial Cost Method	Entry Age Normal, used to measure the Total OPEB Liability
Contribution Policy	Benefits are financed on pay-as-you-go basis. Contribution rates are defined by statute. For fiscal years ended June 30, 2019, contribution rates are 0.50% of pay for active members, 0.50% of pay for community colleges, and 0.50% of pay for the State. Retired members contribute a percentage of premium rates. The goal of the policy is to finance current year cost plus a margin for incurred but not paid plan cost.
Asset Valuation Method	Market value
Investment Rate of Return	0%, net of OPEB plan investment expenses, including inflation for all plan years.
Inflation	2.25%
Salary Increases	Depends on service and ranges from 12.25% at less than 1 year of service to 3.25% at 34 or more years of service. Salary increases includes a 3.25% wage inflation assumption.
Retirement Age	Experience-based table of rates that are specific to the type of eligibility condition. Last updated for the June 30, 2018 actuarial valuation of
Mortality	Retirement and Beneficiary Annuitants: RP-2014 White Collar Annuitant Mortality Table. Disabled Annuitants: RP-2014 Disabled Annuitant Table. Pre-Retirement: RP-2014 White Collar Table. Tables are adjusted for SURS experience. All tables reflect future mortality improvements using Projection Scale MP-2017.
Healthcare Cost Trend Rates	Actual trend used for fiscal year 2019 based on premium increases. For fiscal years on and after 2020, trends start at 8.00% and 9.00% for non-Medicare costs and post-Medicare costs, respectively, and gradually decreases to an ultimate trend of 4.50%. Additional trend rate of 0.39% is added to non-Medicare cost on and after 2021 to account for the Excise Tax.
Aging Factors	Based on the 2013 SOA Study "Health Care Costs – From Birth to Death"
Expenses	Health administrative expenses are included in the development of the per capita claims costs. Operating expenses are included as a component of the Annual OPEB Expense.

**BACKGROUND INFORMATION ON STATE GRANT ACTIVITY  
JUNE 30, 2020**

**Unrestricted Grants**

Base Operating Grants

General operating funds provided to colleges based upon credit enrollment.

Small College Grants

Funds provided to colleges with full-time equivalent enrollments of less than 2,500 students. Intended to help small colleges pay for some of the “fixed costs” of operating a smaller institution.

Equalization Grants

Grants provided to institutions with less than the statewide average local tax dollars available per full-time equivalent student.

OF ENROLLMENT DATA AND OTHER BASES UPON  
WHICH CLAIMS ARE FILED**

Board of Trustees  
Southeastern Illinois Community College District No. 533  
Harrisburg, Illinois 62946

We have examined the accompanying Schedule of Enrollment Data and Other Bases Upon Which Claims Are Filed of Southeastern Illinois Community College District No. 533 for the year ended June 30, 2020.

**Management's Responsibility**

The Schedule of Enrollment Data and Other Bases Upon Which Claims Are Filed is the responsibility of the College's management. Management's responsibility includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of the schedule.

**Auditor's Responsibility**

Our responsibility is to express an opinion on the schedule based upon our examination. Our examination was made in accordance with the guidelines of the Illinois Community College Board's *Fiscal Management Manual* and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States.

**Opinion**

In our opinion, the accompanying Schedule of Enrollment Data and Other Bases Upon Which Claims Are Filed is fairly presented in accordance with the provisions of the aforementioned guidelines.

**FEDERAL COMPLIANCE SECTION**

**INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR  
PROGRAM AND ON INTERNAL CONTROL  
OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE**

Southeastern Illinois Community College District No. 533  
Harrisburg, Illinois 62946

**Report on Compliance for Each Major Federal Program**

We have audited Southeastern Illinois Community College District No. 533's compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of Southeastern Illinois Community College District No. 533's major federal programs for the year ended June 30, 2020. Southeastern Illinois Community College District No. 533's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

***Management's Responsibility***

Management is responsible for compliance with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

***Auditor's Responsibility***

Our responsibility is to express an opinion on compliance for each of Southeastern Illinois Community College District No. 533's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements for Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about Southeastern Illinois Community College District No. 533's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of Southeastern Illinois Community College District No. 533's compliance.

### ***Opinion on Each Major Federal Program***

In our opinion, Southeastern Illinois Community College District No. 533, complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2020.

### ***Other Matters***

The results of our auditing procedures disclosed instances of noncompliance which is required to be reported in accordance with the Uniform Guidance and which is described in the accompanying schedule of findings and questioned costs as items 2020-001, 2020-002, and 2020-003. Our opinion on each major federal program is not modified with respect to these matters.

Southeastern Illinois Community College District No. 533's response to the noncompliance findings identified in our audit is described in the accompanying schedule of findings and questioned costs. Southeastern Illinois Community College District No. 533's response was not subjected to the auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response.

### **Report on Internal Control Over Compliance**

Management of Southeastern Illinois Community College District No. 533 is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered Southeastern Illinois Community College District No. 533's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of Southeastern Illinois Community College District No. 533's internal control over compliance.

*A deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that have not been identified. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, we identified certain deficiencies in internal control over compliance, as described in the accompanying schedule of findings and questioned costs as items 2020-001, 2020-002, and 2020-003 that we consider to be significant deficiencies.

Southeastern Illinois Community College District No. 533's response to the internal control over compliance findings identified in our audit is described in the accompanying schedule of findings and questioned costs. Southeastern Illinois Community College District No. 533's response was not subjected to the auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

**NOTES TO SCHEDULE EXPENDITURES OF FEDERAL AWARDS  
JUNE 30, 2020**

**NOTE 1: BASIS OF PRESENTATION**

The accompanying schedule of expenditures of federal awards (the Schedule) includes the federal award activity of Southeastern Illinois Community College District No. 533 under programs of the federal government for the year ended June 30, 2020. The information in the Schedule is presented in accordance with the requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Because the Schedule presents only a selected portion of the operations of Southeastern Illinois Community College District No. 533, it is not intended to and does not present the financial position, changes in net assets, or cash flows of the College.

**NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

Expenditures reported on the Schedule are reported on the accrual basis of accounting. Such expenditures are recognized following the cost principles of the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited to reimbursement.

**NOTE 3: INDIRECT COST RATE**

Southeastern Illinois Community College District No. 533 has elected not to use the 10% de minimis indirect cost rate allowed under the Uniform Guidance.

**SECTION III – FEDERAL AWARD FINDINGS AND QUESTIONED COSTS**

**JUNE 30, 2020**

**Finding No. 2020-001** - Lack of Internal Controls over the Verification Process

**Federal Program Name:** Federal Work Study, Supplemental Educational Opportunity Grant, and PELL Grants

**CFDA No:** 84.033, 84.007, and 84.063

**Federal Agency:** U.S. Department of Education

**Criteria or specific requirement:** The College is required to have internal control procedures to ensure that verification procedures are performed accurately.

**Condition:** During verification testing we found the following:

- One student's AGI was reported correctly on the ISIR then changed by personnel to an incorrect amount resulting in an incorrect EFC being calculated
- Two student's signatures, or the signatures of their parents, were missing from the student verification form

**Questioned costs:** None

**Context:** Of the 25 students chosen for verification testing, three issues were noted.

**Cause:** Lack of oversight by College personnel.

**Effect:** The College was not in compliance with verification requirements as prescribed by the Title IV grant.

**Auditor's Recommendation:** We recommend that the College develop internal controls to ensure that verification is obtained and correct on each student and adheres to the requirements set forth by the Department of Education.

**Management's Response:** Michelle Metten, Financial Aid Director, agrees with finding and will take steps to implement corrective action.

**SECTION III – FEDERAL AWARD FINDINGS AND QUESTIONED COSTS**

**JUNE 30, 2020**

**Finding No. 2020-002** - Lack of Internal Controls over Return of Title IV Funds

**Federal Program Name:** Federal Work Study, Supplemental Educational Opportunity Grant, and PELL Grants

**CFDA No:** 84.033, 84.007, and 84.063

**Federal Agency:** U.S. Department of Education

**Criteria or specific requirement:** The College is required to have internal control procedures to ensure that the calculation of federal aid to be returned or refunded is calculated accurately and returned or refunded within 45 days.

**Condition:** During the testing of students withdrawn from the College and the calculation of return of federal funds we found the following:

- Five return of funds calculations used an improper semester end date resulting in incorrect amounts being returned to the Department of Education
- Three return of funds calculations used incorrect withdrawal dates resulting in incorrect completion percentage, which led to \$0 being returned to the Department of Education

**Questioned costs:** None

**Context:** Of 37 withdrawals and return of funds calculations tested, exceptions were noted in nine calculations and the College under returned \$2,177 to the Department of Education on those tested.

**Cause:** Lack of oversight by College personnel.

**Effect:** The College returned the incorrect amount of federal funds to the Department of Education and was not in compliance with the grant requirements.

**Auditor's Recommendation:** We recommend that the College develop internal controls to ensure the accuracy of the return of funds calculation.

**Management's Response:** Michelle Metten, Financial Aid Director, agrees with finding and will take steps to implement corrective action.

**SECTION III – FEDERAL AWARD FINDINGS AND QUESTIONED COSTS**

**JUNE 30, 2020**

**Finding No. 2020-003** - Lack of Internal Controls over Enrollment Reporting

**Federal Program Name:** Federal Work Study, Supplemental Educational Opportunity Grant, and PELL Grants

**CFDA No:** 84.033, 84.007, and 84.063

**Federal Agency:** U.S. Department of Education

**Criteria or specific requirement:** The College is required to have internal control procedures to ensure that enrollment is reported correctly and timely to the National Student Loan Data System.

**Condition:** During enrollment reporting testing, we found the following:

- Five students reported to the clearinghouse were submitted as enrolled but should have been submitted as withdrawn
- 20 students were not reported to the clearinghouse as graduated within the 60 days required which is critical according to the NSLDS enrollment reporting guide due to the student's interest calculation.

**Questioned costs:** None

**Context:** Of the 45 students reported to the National Student Loan Data System, we found 25 issues where the student's status was not changed in a timely manner. Of those, five were not submitted as withdrawn. The remaining 20 (nine in Fall, ten in Spring, and one in Summer) were not reported as graduated within the 60-day requirement.

**Cause:** Lack of oversight by College personnel.

**Effect:** The College did not report student's status changes to the National Student Clearinghouse in a timely manner which can affect the student's interest calculations.

**Auditor's Recommendation:** We recommend that the College develop internal controls to ensure that status changes are reported to the clearinghouse in a timely manner.

**Management's Response:** Michelle Metten, Financial Aid Director, agrees with finding and will take steps to implement corrective action.
