

Strategic Plan Forums February 3 & 4, 2011

Two open forums were scheduled to provide an opportunity for all faculty and staff to discuss any concerns or ask questions about the plan. A draft of the 2010-2011 Strategic Plan Update had been provided by email to all faculty and staff a few days earlier so that everyone would have an opportunity to review it prior to the forums.

Present at the February 3rd Forum were:

Dr. Dana Keating
Peggy McDowell
Dr. Sarah Bond
Tricia Johnson
Ed Rose

Tricia Johnson brought updates for the initiatives for the Foundation. Dr. Bond and Ed Rose had no comments or concerns.

Present at the February 4th Forum were:

Dr. Dana Keating
Peggy McDowell
Gina Sirach
Susie Lampley

Gina Sirach and Susie Lampley had no comments or concerns, and confirmed that the items included from their division were correct as presented. However, they may soon be changing some of the timelines for nursing and allied health initiatives that are connected to the Title III Grant.
