**Computer Technician  
Tax Tech, Inc.**

**Education:  
Southeastern Illinois College  
Information Technology A.A.S.  
Computer Information Systems A.A.S.**

## Why Southeastern Illinois College?

SIC has been the foundation to my success, allowing me to complete my general study courses and prepare me for Southern Illinois University-Carbondale where I completed my Bachelors in Recreation Management. After completing my Bachelors, I then returned to SIC to pursue a different venue. I also earned degrees in Information Technology and Computer Information Systems. SIC has a fantastic IT program, learning everything from the basics of computer hardware and software to the intricacies of programming. I've since earned a Technician position at a Tax Support company where we lease and manage over 1000 computer systems to World Acceptance Corporation that service 12 states all over the U.S. I have been with the company for 3 years now and still use the textbooks from my courses at SIC. I attribute my success to the knowledgeable faculty, small class sizes, and hands on experience I've gained at Southeastern.

**Call (618) 252-5400 extension 2319  
or email [scott.reed@sic.edu](mailto:scott.reed@sic.edu) for  
more information about how  
Southeastern's Computer and  
Information Technology programs  
can start you on your road to success!**
