Success Starts Here at Southeastern!

Lane O'Brien

Information Technology Analyst
Southern Illinois Healthcare

Education:
Southeastern Illinois College
Information Technology A.A.S.

Why Southeastern Illinois College?

The Information Technology Program at Southeastern Illinois College benefited me in multiple ways. The program provided me with hands-on experience which gave me the confidence to be able to pursue a career of my choice. My fellow classmates and staff members were friendly and supportive, and we could count on each other for help along the way. Right after graduation, I was offered a position by SIC as a Network Technician, and since then I have gone on to work at Southern Illinois Healthcare as an Information Technology Analyst. I would not trade the experience and times I have had at SIC for anything.
