

## NEXTGEN SCORES FROM COLLEGE BOARD IN OUR PLACEMENT CHART

If you meet one of the following exemptions, you do not have to take a writing or reading placement test:

- If you have an SAT composite score of 1020, *or* a minimum of 480 on the Evidence-based Reading and Writing section, you do not have to take the writing or reading placement test.
- If you have an ACT English, an ACT English/Writing, or an ACT composite score of 20 or higher, you do not have to take the writing or reading placement test.
- If you have taken and successfully completed a college-level English course at another college or university, you are exempt from writing and reading placement testing.
- If you have completed four years of high school-level English with an A or B in each course, you do not have to take the placement test.
- If you have completed four years of high school-level English and earned an overall high school GPA of 3.0 or higher (on a 4.0 scale), you do not have to take the placement test.

Students meeting one of these exemptions may enroll in any college-level English course. Work with an academic advisor to determine the course needed for your intended major.

Course placement recommendations based on test scores are as follows:

### WRITING SKILLS

Students may contest their *NextGen ACCUPLACER* test scores. The *NextGen ACCUPLACER* may be taken only twice during an academic year. Contact the Student Success Center at 618-252-5400, extension 2442, to schedule testing.

**English placement scores are valid for 3 years. After that time, the placement test must be repeated.**

## NEXT GEN SCORES FROM COLLEGE BOARD IN OUR PLACEMENT CHART

**If you meet one of the following exemptions, you do not have to take a mathematics placement test:**

- If you have an SAT composite score of 1020, *or* a minimum SAT Math section score of 530.
- If your ACT MATH score is 20 or higher.
- If you completed 4 years of college-prep math (Algebra I or higher) with a “C” or better in each class.
- If you completed 3 years of college-prep math (Algebra I or higher) with a “B” average.
- If you completed 3 years of high school math and earned an overall high school GPA of 3.0 or higher on a 4.0 scale (and met the appropriate high school pre-requisite requirement for the college-level math course).
  - For Harrisburg High School students, if you completed the STEM transitional math course your senior year with a C or higher, you may be placed in MATH 128, MATH 144, or MATH 151.
  - For NCOE High School students, if you completed the Quantitative Literacy transitional math course your senior year with a C or higher, you may be placed in MATH 144 or MATH 151.

Students meeting one of these exemptions may enroll in any college-level math course. Work with an academic advisor to determine the course needed for your intended major.

All other students must take the NextGen ACCUPLACER test for placement. After initial placement, advancement is based on course prerequisites.

*If you **did not** take Geometry in High School and you are a STEM major, Math 108 is required **before** you can take any college-level math course. Contact an Academic Advisor for MATH courses requiring a Geometry pre-requisite.*
