Total Hours		13

Consult an academic advisor for professional guidance to insure transfer to a senior college or university.

THE PHYSICAL THERAPIST ASSISTANT PROGRAM is an allied health specialty program designed to develop high level technical skills such as therapeutic exercise and the application of physical agents. It involves working under the direction of a licensed physical therapist in treating disabilities resulting from birth defects, disease, or injury. The Physical Therapist Assistant (PTA) implements the Physical Therapist's plan by helping the patient to develop strength, mobility, and coordination.
