## INDEPENDENT AUDITOR'S REPORT

To the Board of Trustees  
Southeastern Illinois Community College District No. 533  
Harrisburg, Illinois 62946

### **Report on the Audit of the Financial Statements**

#### *Opinions*

We have audited the accompanying financial statements of the business-type activities and the discretely presented component unit of Southeastern Illinois Community College District No. 533, as of and for the year ended June 30, 2025, and the related notes to the financial statements, which collectively comprise Southeastern Illinois Community College District No. 533's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the business-type activities and the discretely presented component unit of Southeastern Illinois Community College District No. 533, as of June 30, 2025, and the respective changes in financial position, and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

#### *Basis for Opinions*

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Southeastern Illinois Community College District No. 533 and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions. The financial statements of the discretely presented component unit were not audited in accordance with *Government Auditing Standards*.

#### *Responsibilities of Management for the Financial Statements*

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Southeastern Illinois Community College District No. 533's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

#### *Auditor's Responsibilities for the Audit of the Financial Statements*

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists.

The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Southeastern Illinois Community College District No. 533's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Southeastern Illinois Community College District No. 533's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

### ***Required Supplementary Information***

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, State Universities Retirement System of Illinois Trend Data and Other Post-Employment Benefit System of Illinois Trend Data and Schedule of Contributions on pages 6-13 and 51-54 be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

### ***Supplemental Information***

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise Southeastern Illinois Community College District No. 533's basic financial statements. The accompanying schedule of expenditures of federal awards on pages 75-76, as required by Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements.

The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplemental information and the schedule of expenditures of federal awards are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

#### ***Other Information***

Management is responsible for the other information included in the annual report. The other information on pages 54-63 does not include the basic financial statements and our auditor's report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

#### ***Other Reporting Required by Government Auditing Standards***

In accordance with *Government Auditing Standards*, we have also issued our report dated January 16, 2026, on our consideration of Southeastern Illinois Community College District No. 533's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of Southeastern Illinois Community College District No. 533's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Southeastern Illinois Community College District No. 533's internal control over financial reporting and compliance.

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING  
AND ON COMPLIANCE AND OTHER MATTERS  
BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH  
GOVERNMENT AUDITING STANDARDS**

To the Board of Trustees  
Southeastern Illinois Community College District No. 533  
Harrisburg, Illinois 62946

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the business-type activities and the discretely presented component unit of Southeastern Illinois Community College District No. 533 as of and for the year ended June 30, 2025, and the related notes to the financial statements, which collectively comprise Southeastern Illinois Community College District No. 533's basic financial statements and have issued our report thereon dated January 16, 2026.

The financial statements of the discretely presented component unit, Southeastern Illinois College Foundation, were not audited in accordance with *Government Auditing Standards*, and accordingly, this report does not include reporting on internal control over financial reporting or instances of reportable noncompliance associated with the Southeastern Illinois College Foundation.

**Report on Internal Control over Financial Reporting**

In planning and performing our audit of the financial statements, we considered Southeastern Illinois Community College District No. 533's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Southeastern Illinois Community College District No. 533's internal control. Accordingly, we do not express an opinion on the effectiveness of Southeastern Illinois Community College District No. 533's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that have not been identified.

## **Report on Compliance and Other Matters**

As part of obtaining reasonable assurance about whether Southeastern Illinois Community College District No. 533's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

### **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

## **MANAGEMENT'S DISCUSSION AND ANALYSIS**

**SOUTHEASTERN ILLINOIS COLLEGE  
COMMUNITY COLLEGE DISTRICT #533  
MANAGEMENT'S DISCUSSION AND ANALYSIS  
JUNE 30, 2025**

This section of Southeastern Illinois College's Financial Statements represents management's discussion and analysis of the College's financial activity during the fiscal year ended June 30, 2025. Since this discussion and analysis is designed to focus on current activities and currently known facts, please read it in conjunction with the basic financial statements (pages 14-16) and the footnotes (pages 17-49). Responsibility for the completeness and fairness of this information rests with the College.

### **Using this Annual Report**

These financial statements incorporate data from all the primary governmental and proprietary funds (see pages 14-16) and for financial reporting purposes we are considered a special purpose government engaged in only business-type activities. We focus on economic resources measurement and use the accrual basis of accounting just like a private sector business. The Statement of Net Position is to be considered the statement of financial position for the College showing all assets and liabilities. The Statement of Revenues, Expenses and Changes in Net Position presents all transactions and events that affect net position using the economic resources measurement focus. These activities are supported by property taxes, state revenues, tuition and other revenues. This approach is intended to summarize and simplify the user's evaluation of the cost of various College services to students and the public.

For detailed information pertaining to the Foundation (the College's discretely presented component unit), refer to Note 10 Discretely Presented Component Unit beginning on page 42 and the separately issued Foundation financial statements for the year ended June 30, 2025.

### **Financial Highlights**

For the year ended June 30, 2025, the College recorded total operating revenues of \$2,163,866 and total operating expenses of \$19,151,326. The difference produced an operating loss of \$16,987,460. Net non-operating revenue (expenses) of \$23,084,568 offsets this loss and results in an overall increase in net position of \$6,097,108.

The largest sources of non-operating revenue included local property taxes of \$6,187,487, state grants and contracts of \$8,629,523, and federal grants and contracts of \$4,014,096.

As of June 30, 2025, the College's net position increased from \$37,499,080 to \$43,596,188, an increase of \$6,097,108. The increase to net position for the prior year was \$3,352,028. Revenues increased over the prior year by \$2,443,745. Total expenditures decreased over the prior year by \$301,335.

Cash and cash equivalents, both restricted and unrestricted, on page 14 of the Statement of Net Position equal \$27,896,552. This was an increase of \$1,657,682 compared to the June 30, 2024, balance of \$26,238,870. The Statement of Cash Flows on page 16 identifies the source and use of cash throughout the year.

Institutional funds in addition to grant funds were utilized for capitalized equipment expenditures throughout the year. Purchases included three used vehicles at a total cost of \$160,687 to help refurbish the college's current fleet of vans. The college purchased a 2020 International truck and a 2022 semi-trailer at a cost of \$104,908 as interest in CDL training continues to be high. The previous gas generator was replaced with a natural gas generator at a cost of \$57,958. A new tank mixer for the college water tank sphere was purchased for \$10,305. A new Epson Projector for the VPAC theatre was purchased at a cost of \$21,441.

Construction of the Stanford D. Williams Career and Training Center at the Carmi extension site was substantially completed during the year with over \$3M spent in FY24 and \$1.9M spent in FY25. This project was a joint venture with the Illinois Capital Development Board. In addition to construction costs, over \$430,032 in equipment purchases were made to facilitate the instruction of welding, auto/diesel mechanics, construction/industrial trades, and truck driving. Such purchases included a hydraulic training simulator, column

lift system, electric wheel loader, diagnostic DSL scan tool, Kioti tractor, and tabletop hydraulics & fluid power training systems.

The CDB deferred maintenance project to repair the exterior of buildings campus wide which includes tuckpointing, repairs/replacements of windows, doors, skylights, flashings and gutters was completed at a cost of \$521,657.

**Financial Analysis of the College as a Whole**

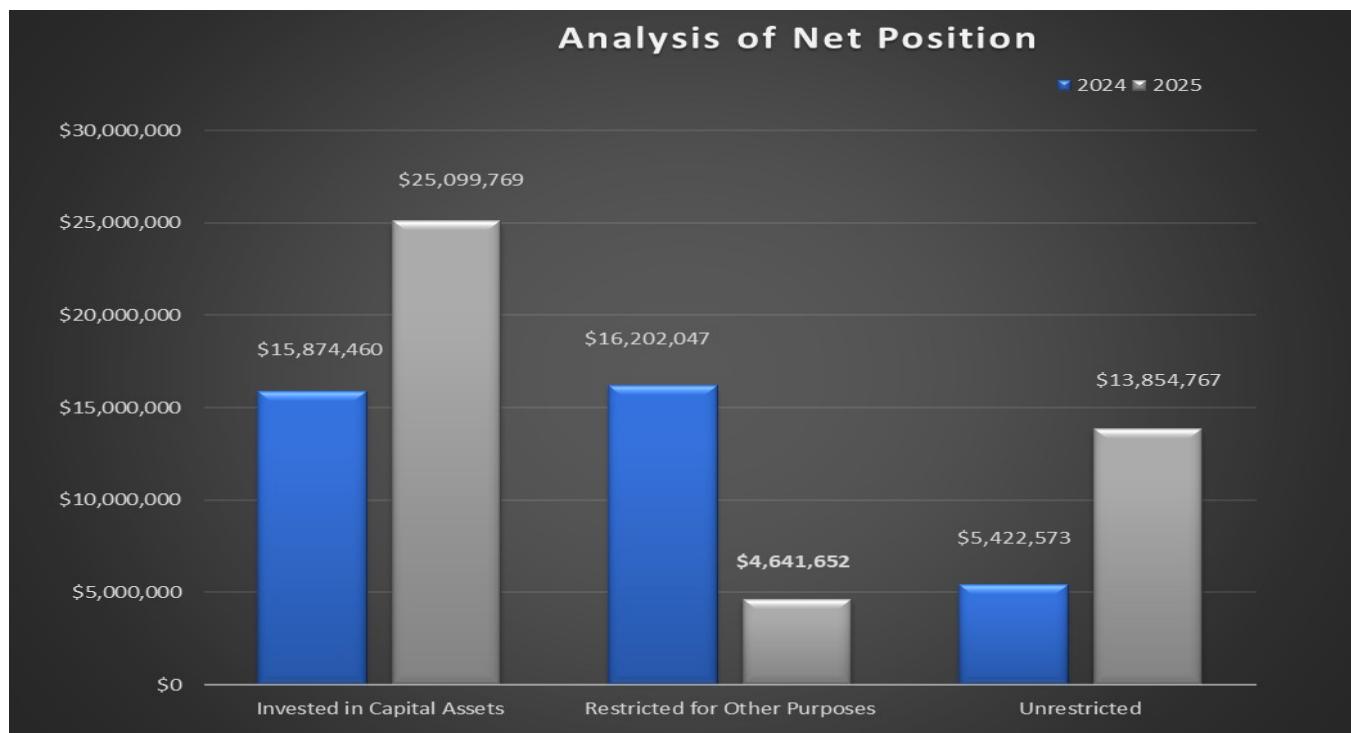

This schedule is prepared from the College's Statement of Net Position (page 14), which is presented on the accrual basis of accounting whereby assets are capitalized and depreciated.

Twenty-eight percent (28%) of total tuition and fees are paid by students. The remaining seventy-two percent (72%) is paid by student scholarships, Federal or State grants or the Southeastern Illinois College Foundation. The following is a graphic illustration of tuition and fee payment by source for FY2025:

### **Significant Transactions and Changes in Individual Funds**

The operating funds balance – combining the Education and the Operations & Maintenance Funds – rose by \$1,224,647 in FY2025, reversing the prior year's decline of \$2,559,509.

#### **Revenue Highlights**

- Total Operating Revenue: Increased by \$1,020,942.
  - Grant Revenue: Largest gain at \$610,210.
  - Student Tuition & Fees: Up \$359,647.
  - Local Tax Revenue: Increased by \$195,285.
  - Other Local Revenue: Declined by \$150,386, primarily due to lower personal property replacement tax collections.

#### **Expenditure Highlights**

- Total Operating Expenditures: Decreased by \$985,735.
  - Institutional Support: Down \$982,439.
  - Instruction: Down \$161,617.
  - Scholarships: Largest increase at \$95,220.
  - Other increases:
    - Operations & Maintenance: \$37,303

**SOUTHEASTERN ILLINOIS COLLEGE

MANAGEMENT'S DISCUSSION AND ANALYSIS  
JUNE 30, 2025**

- Academic Support: \$13,167
- Student Services: \$9,470
- Auxiliary Services: \$2,036
- Public Service: \$1,125.

The Bond and Interest Fund reported an increase of \$51,289, while the college continues to manage two outstanding bond commitments.

The Liability, Protection and Settlement Fund balance increased by \$502,338 in FY2025, bringing the reserve to \$3,487,549. This reserve supports future liabilities and proactive risk management initiatives. Revenues for this fund come primarily from local property taxes, which remain constrained by limited property value growth within the district. Given the potential variability in both the frequency and cost of claims, maintaining this balance ensures a prudent cushion for unforeseen liabilities while funding strategies to reduce risk exposure.

The Working Cash Fund balance remains unchanged at \$3,550,030, with no repayment liability for FY2026.

The Capital Projects Fund balance declined by \$547,503, ending at \$1,588,763. This decrease reflects expenditures for two major initiatives:

- Phase II construction of the Carmi Vocational Facility, which supports workforce development.
- Deferred maintenance projects include replacement of boilers, pumps and condensing units in Buildings A, B, and C on the main campus.

These projects are partially funded through the Illinois Community College Board (ICCB) Capital Development program.

The Auxiliary Fund balance decreased by \$109,369, ending the year at \$1,721,739. This fund primarily supports cafeteria and bookstore operations, both of which reported losses for the year. The cafeteria experienced higher food and labor costs combined with lower sales, while the bookstore faced higher costs related to book purchases.

Since FY2012, the Southeastern Illinois College Foundation has been classified as a component unit of Southeastern Illinois College (see Notes to the Financial Statements, pages 17-18). The Foundation's financial information is presented separately on pages 14-15. At the end of FY2025, the Foundation's total net position was \$6,138,542, compared to \$5,463,788 in FY2024--an increase of \$674,754. For additional details, refer to Note 10 beginning on page 41.

**NOTES TO FINANCIAL STATEMENTS**  
**JUNE 30, 2025**

**NOTE 1: Summary of Significant Accounting Policies**

Southeastern Illinois Community College District No. 533 (the College) is organized under the Illinois Public Community College Act with partial funding by the Illinois Community College Board. The College's district encompasses parts of eight counties in Southeastern Illinois. The accounting policies of the College conform to accounting principles generally accepted in the United States of America as applicable to colleges and universities as well as those prescribed by the Illinois Community College Board (ICCB). The College reports are based on all applicable Government Accounting Standards Board (GASB) pronouncements. The following is a summary of the more significant policies.

**A. Reporting Entity**

The accompanying financial statements include all entities for which the Board of Trustees of the College has financial accountability.

In defining the financial reporting entity, the College has considered whether there are any potential component units. The decision to include a potential component unit in the reporting entity was made by applying the criteria set forth in GASB Statement No. 14, "The Financial Reporting Entity," as amended by GASB Statement No. 39, "Determining Whether Certain Organizations are Component Units," and GASB Statement No. 61, "Financial Reporting Entity". The primary criterion for including a potential component unit within the reporting entity is the financial accountability that the elected officials of the primary government have for the component unit, as well as the presence of a financial benefit or burden relationship between the primary government and the component unit.

The criteria used in assessing financial accountability consist of (1) the primary government is financially accountable if it appoints a voting majority of the organization's governing body and (a) it is able to impose its will on that organization or (b) there is a potential for the organization to provide specific financial benefits or impose specific financial burdens on the primary government; and (2) the primary government may be financially accountable if the organization is fiscally dependent.

Fiscal dependency is determined if a component unit possesses one or more of the following characteristics: (1) it is unable to determine its budget without having the primary government approve or modify the budget; (2) it is unable to levy taxes or set rates or charges without approval by the primary government; or (3) it is unable to issue debt without approval of the primary government.

A financial benefit or burden relationship exists between the primary government and the component unit if any one of the following conditions exist: (1) the primary government is legally entitled to or can otherwise access the organization's resources; (2) the primary government is legally obligated or has otherwise assumed the obligation to finance the deficits of, or provide financial support to, the organization; or (3) the primary government is obligated in some manner for the debt of the organization.

Where no financial accountability exists, a legally separate, tax-exempt organization is reported as a component unit if all three of the following criteria are met: (1) the economic resources received or held by the organization are for the direct benefit of the primary government or its constituents; (2) the primary government is entitled to or has the ability to otherwise access a majority of the organization's economic resources; and (3) the economic resources received or held by the organization are significant to the primary government.

**HARRISBURG, ILLINOIS**

**NOTES TO FINANCIAL STATEMENTS**  
**JUNE 30, 2025**

**NOTE 1: Summary of Significant Accounting Policies (Continued)**

**A. Reporting Entity (Concluded)**

Using these criteria, the Southeastern Illinois College Foundation (“Foundation”) has been determined to be a legally separate, tax-exempt component unit of the College. The Foundation was organized and operates exclusively for educational and charitable purposes designed to promote the welfare of the College. The board of the Foundation consists of graduates and friends of the College. Although the College does not control the timing or amount of receipts from the Foundation, the majority of the resources, or income thereof, that the Foundation holds and invests are restricted to the activities of the College by the donors. Because these restricted resources held by the Foundation can only be used by or for the benefit of the College, the Foundation is considered a component unit of the College and is discretely presented in the College’s financial statements. Complete financial statements for the Foundation can be obtained from the Foundation office.

**B. Measurement Focus, Basis of Accounting, and Financial Statement Presentation**

For financial reporting purposes, the College is considered a special-purpose government engaged only in business-type activities. Accordingly, the College’s financial statements have been presented using the economic resources measurement focus and the accrual basis of accounting. Under the accrual basis, revenues are recognized when earned, and expenses are recorded when an obligation has been incurred. All significant intra-agency transactions have been eliminated.

Non-exchange transactions, in which the College receives value without directly giving equal value in return, include property taxes; federal, state, and local grants; state appropriations; and other contributions. On an accrual basis, revenue from property taxes is recognized in the period for which the levy is intended to finance. Revenue from grants, state appropriations, and other contributions is recognized in the year in which all eligibility requirements have been satisfied. Eligibility requirements include timing requirements, which specify the year when the resources are required to be used or the fiscal year when the use is first permitted, matching requirements, in which the College must provide local resources to be used for a specified purpose, and expenditure requirements, in which the resources are provided to the College on a reimbursement basis.

The accounting and reporting policies of the College conform to generally accepted accounting principles applicable to government units and Illinois community colleges. The GASB is the accepted standard setting body for establishing accounting and financial reporting principles. These authoritative pronouncements are consistent with the accounting practices prescribed or permitted by the Illinois Community College Board (ICCB), as set forth in the ICCB Fiscal Management Manual. The following is a summary of the more significant policies.

**C. Classification of Revenues**

Operating revenue includes activities that have the characteristics of exchange transactions such as (1) student tuition and fees and (2) sales and services of auxiliary enterprises, net of scholarship discounts and allowances. Non-operating revenue includes activities that have the characteristics of non-exchange transactions, such as (1) local property taxes, (2) state appropriations, (3) certain federal, state, and local grants and contracts and federal appropriations, and (4) gifts and contributions.

**HARRISBURG, ILLINOIS**

**NOTES TO FINANCIAL STATEMENTS**  
**JUNE 30, 2025**

**NOTE 1: Summary of Significant Accounting Policies (Continued)**

**D. Budgets**

Although the College adopts an expanded operational budget, the budget legally required by the Illinois Community College Board contains only a statement of the cash on hand at the beginning of the fiscal year, an estimate of the cash expected to be received during such fiscal year from all sources, an estimate of the expenditures contemplated for such fiscal year, and a statement of the estimated cash expected to be on hand at the end of such year.

**E. Use of Estimates**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Accordingly, actual results may differ from those estimates.

**F. Cash and Cash Equivalents**

Cash includes deposits held at banks and small amounts of cash on hand and petty cash funds. Illinois Funds Money Market Fund is considered to be cash equivalent due to their liquidity or short-term nature.

**G. Receivable from Outside Agencies**

Receivables consist of tuition and fee charges to students, auxiliary enterprise fees for services provided to students, faculty, and staff, the majority of each residing in Illinois, and property tax receivables. These receivables are recorded net of estimated uncollectible amounts, which is based on management's assessment of collectability of specific students' accounts and the aging of the accounts receivable. If the actual defaults are higher than the historical experience, management's estimates of the recoverability of amounts due could be adversely affected. All accounts, or portions thereof, deemed to be uncollectible or to require an excessive collection cost are written-off to the allowance for doubtful accounts.

The receivable from outside agencies is made up of amounts due from various governmental agencies. The amounts from the governmental agencies are considered to be 100% collectible.

**H. Tuition Received in Advance**

Summer and fall tuition received in advance includes tuition and fees collected during the fiscal year which relate to the period after June 30, 2025 and are reported as deferred tuition at June 30, 2025.

**I. Inventories**

Inventories consisting of textbooks, college apparel, food, and miscellaneous school supplies are stated at the lower of average cost or net realizable value.

**NOTES TO FINANCIAL STATEMENTS**  
**JUNE 30, 2025**

**NOTE 1: Summary of Significant Accounting Policies (Continued)**

**J. Capital Assets**

Capital assets include property, plant equipment, and infrastructure assets, such as roads and sidewalks. Capital assets are defined by the College as assets with an initial cost of \$5,000 or more and an estimated useful life in excess of one year. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair market value at the date of donation. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets' lives are not capitalized. Major outlays for capital assets and improvements are capitalized as projects are constructed.

Depreciation is computed by the straight-line method over the estimated lives as follows:

<u>Type of Property and Equipment</u>	<u>Estimated Useful Life</u>
Land improvements	20 Years
Buildings	50 Years
Equipment	5-15 Years

**K. Subscription-Based Information Technology Agreement (SBITA)**

The College obtains the right to use vendor's information technology software through various long-term contracts. The College recognizes a subscription liability and an intangible right-to-use subscription asset in the government-wide financial statements.

At the commencement of a subscription, the College initially measures the subscription liability at the present value of payments expected to be made during the subscription term. Subsequently, the subscription liability is reduced by the principal portion of the subscription payments made. The right-to-use asset is initially measured as the initial amount of the subscription liability adjusted for subscription payments made at or before the subscription commencement date, plus certain initial implementation costs. Right-to-use subscription assets' useful lives are determined by the length of the subscription period and are amortized using the straight-line method. The College has elected to use a capitalization threshold for subscription assets is \$5,000.

Key estimates and judgments include how the College determines the discount rate and subscription term it uses to discount the expected subscription payments to present value. The College uses the market rate of interest at the subscription's inception as the discount rate. The subscription's term includes the noncancelable period of the subscription. Subscription payments included in the measurement of the subscription payable are composed of fixed payments as outlined in the subscription.

**L. Deferred Outflows/Inflows of Resources**

Deferred inflows of resources are defined under GASB Statement No. 63 as acquisitions of net assets that are applicable to a future reporting period and should be reported as having a similar impact on net position as liabilities. At June 30, 2025, deferred inflows of resources included tax levies accrued that are levied for use in the next fiscal year, student tuition and fees that were collected or accrued for the next academic year, Heritage Fest booth fees, deferred grants, and the unamortized portion of the net difference between projected and actual earnings on OPEB investments.

**HARRISBURG, ILLINOIS**

**NOTES TO FINANCIAL STATEMENTS**  
**JUNE 30, 2025**

**NOTE 1: Summary of Significant Accounting Policies (Continued)**

**L. Deferred Outflows/Inflows of Resources (Concluded)**

Deferred outflows are defined under GASB Statement No. 63 as a consumption of net assets by the College that is applicable to a future reporting period and should be reported as having a similar impact on net position as assets. For the College, pension payments related to employees with federally funded positions and made subsequent to the pension liability measurement date are considered to be deferred outflows in accordance with GASB Statement No. 71, *Pension Transition for Contributions Made Subsequent to the Measurement Date – An Amendment of GASB Statement No. 68*. Changes in assumptions and differences between expected and actual experience of the College's other postemployment benefit (OPEB) plans are considered to be deferred outflows. Changes in proportion and differences between employer contributions and actual contributions and its proportionate share of contributions to the plan relative to all employers is also considered to be a deferred outflow.

**M. Amortization of Bond Issuance Premium/Discount**

The College amortizes bond issuance premiums and discounts by the effective interest method over the period the related bond issue is outstanding. The bond premium/discount is amortized by using the same interest rate as the related bond issue, and the current period amortization is shown as a decrease (for a premium) or increase (for a discount) to current period interest expense.

**N. Net Position**

*Net Investment in Capital Assets* – This represents the College's total investment in capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes or other borrowings that are attributable to the acquisition, construction, or improvement of those assets.

*Restricted Net Position – Expendable* – This includes assets/resources that the College is legally or contractually obligated to spend in accordance with restrictions imposed by external third parties, reduced by any liabilities and deferred inflows of resources related to those assets. Sources of restricted revenue include federal, state, and private grants and contracts. Externally restricted funds may be utilized only in accordance with the purpose established by the source of such funds and are in contrast with unrestricted funds over which the Board of Trustees retains full control to use in achieving any of its institutional purposes. When both restricted and unrestricted resources are available for use, it is the College's policy to use restricted resources first, then unrestricted resources when they are needed.

*Unrestricted Net Position* – This represents assets/resources derived from student tuition and fees, state appropriations, and sales and services of educational departments and auxiliary enterprises. These resources are used for transactions relating to the educational and general operations of the College and may be used at the discretion of the Board of Trustees to meet current expenses for any lawful purpose.

**O. Insurance Coverage**

Significant losses are covered by commercial insurance for all major programs: property, liability, and workman's compensation. During the year ended June 30, 2025, there were no significant reductions in coverage. Also, there have been no settlement amounts exceeding insurance coverage in the past three years.

**SOUTHEASTERN ILLINOIS COMMUNITY COLLEGE DISTRICT NO. 533**  
**HARRISBURG, ILLINOIS**

**NOTES TO FINANCIAL STATEMENTS**  
**JUNE 30, 2025**

**NOTE 1: Summary of Significant Accounting Policies (Continued)**

**P. Pensions**

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the plan net position of the State Universities Retirement System (SURS or the System) and additions to/deductions from SURS' plan net position has been determined on the same basis as they are reported by SURS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

For the purposes of financial reporting, the State of Illinois and participating employers are considered to be under a special funding situation. A special funding situation is defined as a circumstance in which a non-employer entity is legally responsible for making contributions directly to a pension plan that is used to provide pensions to the employees of another entity or entities and either (1) the amount of the contributions for which the non-employer entity is legally responsible is not dependent upon one or more events unrelated to pensions or (2) the non-employer is the only entity with a legal obligation to make contributions directly to a pension plan. The State of Illinois is considered a non-employer contributing entity. Participating employers are considered employer contributing entities.

The College recognizes its proportionate share of the State's pension expense relative to the College's employees as non-operating revenue and pension expense, with the expense further allocated to the related function by employees.

**Q. Other Postemployment Benefits (OPEB)**

For purposes of measuring the other postemployment benefits (OPEB) obligations, deferred outflows of resources and deferred inflows of resources related to OPEB, and benefits expense, information about the net position of the OPEB plans and additions to and deductions from the OPEB plans' net positions have been determined on the same basis as they are reported by the OPEB plans. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

**R. Scholarship Discounts and Allowances**

Student tuition and fee revenues, and certain other revenues from students, are reported net of scholarship discounts and allowances in the Statement of Revenues, Expenses, and Changes in Net Position. Scholarship discounts and allowances are the difference between the stated charge for goods and services provided by the College, and the amount that is paid by students or third parties making payments on the students' behalf. Certain governmental grants, such as Pell grants, and other federal, state or nongovernmental programs, are recorded as nonoperating revenues in the College's financial statements. To the extent that revenues from such programs are used to satisfy tuition and fees and other student charges, the College has recorded a scholarship discount and allowance.

**NOTE 1: Summary of Significant Accounting Policies (Continued)**

**S. Federal Financial Assistance Programs**

The College participates in federally funded PELL Grants, FSEOG Grants, and Federal Work-Study Programs. Federal programs are audited in accordance with the Title 2 *U.S. Code of Federal Regulations* (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance), *Federal Awarding Agency Regulatory Implementation of Office of Management and Budget's Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards, Audit of States, Local Governments and Non-Profit Organizations*, and the *Compliance Supplement*.

**T. Property Taxes**

Property tax revenues are reported in accordance with the National Council on Governmental Accounting (NCGA) Interpretation No. 3, Revenue Recognition – Property Taxes, GASB Statement No. 33, Accounting and Financial Reporting for Nonexchange Transactions, and GASB Interpretation No. 5, Property Tax Revenue Recognition in Governmental Funds. Consequently, under the accrual basis of accounting, property tax revenue is recognized in the period for which the tax levies are extended to finance. Property tax receivables are reported when the College has an enforceable legal claim to the taxes, which is considered to be the lien date.

**U. Component Unit**

The Foundation is required to report information regarding its financial position and activities based on the existence or absence of donor or grantor imposed restrictions. Accordingly, net assets and changes therein are classified and reported as follows:

*Net Assets Without Donor Restrictions* – Net assets available for use in general operations and not subject to donor (or certain grantor) restrictions. The governing board has designated, from net assets without donor restrictions, net assets for an operating reserve, and board-designated endowment.

*Net Assets With Donor Restrictions* – Net assets subject to donor (or certain grantor) imposed restrictions. Some donor-imposed restrictions are temporary in nature, such as those that will be met by the passage of time or other events specified by the donor. Other donor-imposed restrictions are perpetual in nature, where the donor stipulates that resources be maintained in perpetuity. Donor-imposed restrictions are released when a restriction expires, that is, when the stipulated time has elapsed, when the stipulated purpose for which the resource was restricted has been fulfilled, or both.

Revenues are reported as increases in net assets without donor restrictions unless use of the related assets is limited by donor-imposed restrictions. Contributions, including unconditional promises to give as applicable, are recognized as revenue in the period received. Conditional promises to give are not recognized as revenue until the conditions on which they depend are substantially met. Contributions of donated noncash assets are recorded at their fair values in the period received.

Expenses are reported as decreases in net assets without donor restrictions. Gain and losses on investments and other assets or liabilities are reported as increases or decreases in the appropriate net position class as determined by donor stipulation and in accordance with the law.

V. Related Party Disclosure Required by the U.S. Department of Education (Unaudited)

To comply with the Financial Responsibility, Administrative Capability, Certification Procedures, Ability to Benefit regulation promulgated by the U.S. Department of Education, Southeastern Illinois Community College District No. 533 reports that there were no related party transactions during the fiscal year ended June 30, 2025.

W. Date of Management's Review

The College has evaluated subsequent events through January 16, 2026, the date which the financial statements were available to be issued.

**NOTE 2: Cash and Cash Equivalents**

As of June 30, 2025, the carrying balance of the College's cash deposits was \$27,896,552, which includes \$8,967 of cash on hand, and the bank balance was \$26,757,624, all of which was secured by federal depository insurance or collateralized with securities held by the pledging financial institution in the College's name.

Custodial credit risk is the risk that in the event of a bank failure, the College's deposits may not be returned to it. As of June 30, 2025, \$24,611,913 of the College's bank balance was exposed to custodial credit risk.

The Illinois Funds Money Market Fund is a money market fund created in 1975 by the Illinois General Assembly. Its primary purpose is to provide custodians of public funds with an alternative investment vehicle which enable them to earn a competitive rate of return on fully collateralized investments, while maintaining immediate access to invested funds.

The monies invested by the individual participants are pooled together and invested in U.S. Treasury bills and notes backed by full faith and credit of the U.S. Treasury. In addition, monies are invested in fully collateralized time deposits in Illinois financial institutions, in collateralized repurchase agreements, and in treasury mutual funds that invest in U.S. Treasury obligations and collateralized repurchase agreements.

The time deposits are collateralized 101% over FDIC's \$250,000 insurance with U.S. Treasury obligations and marked to market on a daily basis to maintain sufficiency. The repurchase agreements are collateralized at 100% with U.S. Treasury obligations and the collateral is checked daily to determine sufficiency.

The individual participants maintain separate investment accounts representing a proportionate share of the pool of assets and its respective collateral; therefore no collateral is identified with each individual participant's account. Given the nature of the Illinois Funds Money Market Fund, the carrying value approximates market value.

**NOTE 3: Changes in Capital Assets**

The following is a schedule of the College's investment in capital assets. The investment in capital assets is determined by reducing historical cost by accumulated depreciation. Depreciation expense for June 30, 2025 was \$874,243, which includes \$12,194 of auxiliary depreciation.

	Balance 07/01/2024	Additions	Deletions	Transfers	Balance 06/30/2025

**NOTE 5: Property Taxes**

The 2024 property tax extension has been deferred to comply with Government Accounting Standards Board Statement No. 33 since it was levied to finance activities of the 2025/2026 academic year. In accordance with these guidelines, property tax revenue is to be recognized in the period the levy is intended to finance.

The College must file its tax levy ordinance by the last Tuesday in December of each year. The College's property tax is levied each year on all taxable real property located within the District. These taxes attach an enforceable lien on real property as of January 1 and are payable in two installments; due dates vary by county. The College receives significant property tax receipts from July through November.

The following are the tax rates permitted and the actual rates levied per \$100 of assessed valuation.

General Information about the Pension Plan

*Plan Description*

Southeastern Illinois Community College District No. 533 contributes to the State Universities Retirement System of Illinois (SURS), a cost-sharing multiple-employer defined benefit plan with a special funding situation whereby the State of Illinois (State) makes substantially all actuarially determined required contributions on behalf of the participating employers. SURS was established July 21, 1941, to provide retirement annuities and other benefits for staff members and employees of state universities and community colleges, certain affiliated organizations, and certain other state educational and scientific agencies and for survivors, dependents, and other beneficiaries of such employees. SURS is considered a component unit of the State's financial reporting entity and is included in the State's Annual Comprehensive Financial Report (ACFR) as a pension trust fund. SURS is governed by Chapter 40, Act 5, Article 15 of the *Illinois Compiled Statutes*. SURS issues a publicly available financial report that includes financial statements and required supplementary information. That report may be obtained by accessing the website at [www.SURS.org](http://www.SURS.org).

General Information about the Pension Plan (Concluded)

*Benefits Provided*

A traditional benefit plan was established in 1941. Public Act 90-0448 (effective January 1, 1998) established an alternative defined benefit program known as the portable benefit package. Tier 1 of the traditional and portable plan refers to members that began participation prior to January 1, 2011. Public Act 96-0889 revised the traditional and portable benefit plans for members who begin participation on or after January 1, 2011, and who do not have other eligible reciprocal system service. The revised plan is referred to as Tier 2. New employees are allowed six months after their date of hire to make an irrevocable election whether to participate in either the traditional or portable benefit plans. A summary of the benefit provisions as of June 30, 2024 can be found in the SURS ACFR.

*Contributions*

The State is primarily responsible for funding SURS on behalf of the individual employers at an actuarially determined amount. Public Act 88-0593 provides a statutory funding plan consisting of two parts: (i) a ramp-up period from 1996 to 2010 and (ii) a period of contributions equal to a level percentage of the payroll of active members within SURS to reach 90% of the total Actuarial Accrued Liability by the end of Fiscal Year 2045. Employer contributions from “trust, federal, and other funds” are provided under Section 15-155(b) of the Illinois Pension Code and require employers to pay contributions which are sufficient to cover the accruing normal costs on behalf of applicable employees. The employer normal cost for fiscal year 2024 and fiscal year 2025, respectively, was 12.53% and 11.98% of employee payroll. The normal cost is equal to the value of current year’s pension benefit and does not include any allocation for the past unfunded liability or interest on the unfunded liability. Plan members are required to contribute 8.0% of their annual covered salary, except for police officers and fire fighters who contribute 9.5% of their earnings. The contribution requirements of plan members and employers are established and may be amended by the State’s General Assembly.

Participating employers make contributions toward separately financed specific liabilities under Section 15-139.5(e) of the Illinois Pension Code (relating to contributions payable due to the employment of “affected annuitants” or specific return to work annuitants), Section 15-155(g) (relating to contributions payable due to earning increases exceeding 6% during the final rate of earnings period), and Section 15-155(j-5) (relating to contributions payable due to earnings exceeding the salary set for the Governor).

Pension Liabilities, Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Defined Benefit Pensions

*Net Pension Liability*

The net pension liability (NPL) was measured as of June 30, 2024. At June 30, 2024, SURS defined benefit plan reported a NPL of \$30,230,907,727.

Pension Liabilities, Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Defined Benefit Pensions (Concluded)

*Employer Proportionate Share of Net Pension Liability*

The amount of the proportionate share of the NPL to be recognized for Southeastern Illinois Community College District No. 533 is \$0. The proportionate share of the State's NPL associated with the Southeastern Illinois Community College District No. 533 is \$44,964,545 or 0.1487%. The Southeastern Illinois Community College District No. 533's proportionate share changed by 0.0090% from 0.1397% since the last measurement date on June 30, 2023. This amount is not recognized in Southeastern Illinois Community College District No. 533's financial statements. The NPL and total pension liability as of June 30, 2024, was determined based on the June 30, 2023, actuarial valuation rolled forward. The basis of allocation used in the proportionate share of net pension liability is the actual reported pensionable contributions made to SURS defined benefit plan during fiscal year 2023.

*Defined Benefit Pension Expense*

For the year ending June 30, 2024, SURS defined benefit plan reported a collective net pension expense of \$1,996,285,670.

*Employer Proportionate Share of Defined Benefit Pension Expense*

The employer proportionate share of collective defined benefit pension expenses is recognized as nonoperating revenue with matching operating expense (compensation and benefits) in the financial statements. The basis of allocation used in the proportionate share of collective pension expense is the actual reported pensionable contributions made to SURS during fiscal year 2023. As a result, Southeastern Illinois Community College District No. 533 recognized revenue and defined benefit pension expense of \$2,242,922 for the fiscal year ended June 30, 2025.

*Deferred Outflows and Deferred Inflows of Resources Related to Defined Benefit Pensions*

Deferred outflows of resources are the consumption of net position by SURS that is applicable to future reporting periods. Conversely, deferred inflows of resources are the acquisition of net position by SURS that is applicable to future reporting periods.

Southeastern Illinois Community College District No. 533 paid \$115,897 in federal, trust or grant contributions to SURS defined benefit pension plan during the year ended June 30, 2025. These contributions were made subsequent to the pension liability measurement date of June 30, 2024, and are recognized as deferred outflows of resources as of June 30, 2025.

Assumptions and Other Inputs

*Actuarial Assumptions*

The actuarial assumptions used in the June 30, 2024, valuation were based on the results of an actuarial experience study for the period June 30, 2020, through June 30, 2023. The total pension liability in the June 30, 2024, actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	2.40 percent
Salary increases	3.15 to 15.00 percent, including inflation
Investment rate of return	6.50 percent

Mortality rates were based on the Pub-2010 employee and retiree gender distinct tables with projected generational mortality and a separate morality assumption for disabled participants.

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of the arithmetic real rates of return were adopted by the plan's trustees after considering input from the plan's investment consultants and actuary. For each major asset class that is included in the pension plan's target asset allocation as of June 30, 2024, these best estimates are summarized in the following table:

*Discount Rate*

A single discount rate of 6.35% was used to measure the total pension liability. This single discount rate was based on an expected rate of return on pension plan investments of 6.50% and a municipal bond rate of 3.97% (based on the Fidelity 20-Year Municipal GO AA Index as of June 30, 2024). The projection of cash flows used to determine this single discount rate were the amounts of contributions attributable to current plan members and assumed that plan member contributions will be made at the current contribution rate and that employer contributions will be made at rates equal to the statutory contribution rates under the SURS funding policy. Based on these assumptions, the pension plan's fiduciary net position and future contributions were sufficient to finance the benefit payments through the year 2075. As a result, the long-term expected rate of return on pension plan investments was applied to projected benefit payments through the year 2075, and the municipal bond rate was applied to all benefit payments after that date.

**NOTE 7: Defined Contribution Pension Plan**

*Plan Description*

Southeastern Illinois Community College District No. 533 contributes to the Retirement Savings Plan (RSP) administered by the State Universities Retirement System (SURS), a cost-sharing multiple-employer defined contribution pension plan with a special funding situation whereby the State of Illinois (State) makes substantially all required contributions on behalf of the participating employers. SURS was established July 21, 1941, to provide retirement annuities and other benefits for staff members and employees of state universities and community colleges, certain affiliated organizations, and certain other state educational and scientific agencies and for survivors, dependents, and other beneficiaries of such employees. SURS is governed by Chapter 40, Act 5, Article 15 of the *Illinois Compiled Statutes*. SURS issues a publicly available financial report that includes financial statements and required supplementary information. That report may be obtained by accessing the website at [www.SURS.org](http://www.SURS.org). The RSP and its benefit terms were established and may be amended by the State's General Assembly.

*Benefits Provided*

A defined contribution pension plan, originally called the Self-Managed Plan, was added to SURS benefit offerings as a result of Public Act 90-0448 enacted effective January 1, 1998. The plan was renamed the RSP effective September 1, 2020, after extensive plan redesign. New employees are allowed six months after their date of hire to make an irrevocable election whether to participate in either the traditional or portable defined benefit pension plans or the RSP. A summary of the benefit provisions as of June 30, 2024, can be found in SURS Annual Comprehensive Financial Report – Notes to the Financial Statements.

**HARRISBURG, ILLINOIS**

**NOTES TO FINANCIAL STATEMENTS**  
**JUNE 30, 2025**

**NOTE 7: Defined Contribution Pension Plan (Concluded)**

*Contributions*

All employees who have elected to participate in the RSP are required to contribute 8.0% of their annual covered earnings. Section 15-158.2(h) of the Illinois Pension Code provides for an employer contribution to the RSP of 7.6% of employee earnings. The State is primarily responsible for contributing to the RSP on behalf of the individual employers. Employers are required to make the 7.6% contribution for employee earning paid from “trust, federal, and other funds” as described in Section 15-155(b) of the Illinois Pension Code. The contribution requirements of plan members and employers were established and may be amended by the State’s General Assembly.

*Forfeitures*

Employees are not vested in employer contributions to the RSP until they have attained five years of service credit. Should an employee leave SURS-covered employment with less than five years of service credit, the portion of the employee’s RSP account designated as employer contributions is forfeited. Employees who later return to SURS-covered employment will have these forfeited employer contributions reinstated to their account, so long as the employee’s own contributions remain in the account. Forfeited employer contributions are managed by SURS and are used both to reinstate previously forfeited contributions and to fund a portion of the State’s contributions on behalf of the individual employers. The vesting and forfeiture provision of the RSP were established and may be amended by the State’s General Assembly.

Pension Expense Related to Defined Contribution Pensions

*Defined Contribution Pension Expense*

For the year ended June 30, 2024, the State’s contributions to the RSP on behalf of individual employers totaled \$96,741,887. Of this amount, \$89,857,115 was funded via an appropriation from the State and \$6,884,772 was funded from previously forfeited contributions.

*Employer Proportionate Share of Defined Contribution Pension Expense*

The employer proportionate share of collective defined contribution pension expense is recognized as nonoperating revenue with matching operating expense (compensation and benefits) in the financial statements. The basis of allocation used in the proportionate share of collective defined contribution pension expense is the actual reported pensionable contributions made to the RSP during fiscal year 2024. Southeastern Illinois Community College District No. 533’s share of pensionable contributions was 0.0117%. As a result, Southeastern Illinois Community College District No. 533 recognized revenue and defined contribution pension expense of \$11,291 from this special funding situation during the year ended June 30, 2025, of which \$804 constituted forfeitures.

*Plan Administration*

Southeastern Illinois Community College District No. 533 contributes to the Community College Health Insurance Security Fund (CCHISF) (also known as the College Insurance Program “CIP”) that was established under the State Employees Group Insurance Act of 1971, as amended, 5 ILCS 375/6.9(f), which became effective July 1, 1999. The purpose of the CCHISF is to receive and record all revenues from the administration of health benefit programs under Article 15 of the Illinois Pension Code.

The CCHISF is a cost-sharing, multiple-employer defined benefit OPEB Trust Fund, which has a special funding situation as described in 40 ILCS 15/1.4. The State is required by statute to contribute a defined percentage of participant payroll directly to the OPEB plan, which is administered through a trust.

CCHISF has no component units. CCHISF is considered a fiduciary component unit of the State of Illinois due to fiscal dependency on the State. The financial statements of the CCHISF are included in the financial statements of the State of Illinois as a pension (and other employee benefit) trust fund. This fund is a non-appropriated trust fund held outside the State Treasury, with the State Treasurer as custodian. Additions deposited into the Trust are for the sole purpose of providing health benefits to retirees, as established under the plan and associated administrative cost.

*Benefits Provided*

Through the trust the State provides health, dental, vision, and life insurance benefits for retirees and their dependents. Substantially all State employees become eligible for post-employment benefits if they eventually become annuitants of one of the State sponsored pension plans. Health, dental, and vision benefits include basic benefits for annuitants and their dependents under the State’s self-insurance plan and insurance contracts currently in force. Annuitants may be required to contribute towards health, dental, and vision benefits with the amount based on factors such as date of retirement, years of credited service with the State, whether the annuitant is covered by Medicare, and whether the annuitant has chosen a managed care health plan. Annuitants who retired prior to January 1, 1998, and who are vested in the State Employees’ Retirement System do not contribute towards health, dental, and vision benefits. For annuitants who retire on or after January 1, 1998, the annuitant’s contribution is reduced five percent for each year of credited service with the State allowing those annuitants with twenty or more years of credited service to not have to contribute towards health, dental, and vision benefits.

Annuitants also receive life insurance coverage equal to the annual salary of the last day of employment until age 60, at which time the benefit becomes \$5,000.

The State pays for a portion of the employer costs for the benefits provided. The total cost of the State’s portion of the health, dental, vision, and life insurance benefits of all members, including post-employment health, dental, vision, and life insurance benefits, is recognized as an expenditure by the State in the Illinois Comprehensive Annual Financial Report. The State finances the costs on a pay-as-you-go basis. The total costs incurred for health, dental, vision, and life insurance benefits are not separated by department or component unit for annuitants and their dependents nor active employees and the dependents.

*Benefits Provided (Concluded)*

A summary of post-employment benefit provision, changes in benefit provisions, employee eligibility requirements including eligibility for vesting, and the authority under which benefit provisions are established are included as an integral part of the financial statements of the Department of Central Management Services (the Department). A copy of the financial statements of the Department of Central Management Services, may be obtained by writing to the Department of Central Management Services, Stratton Office Building, 401 South Spring Street, Springfield, IL 62706.

*Contributions*

Beginning July 1, 2023, and through June 30, 2024, the State Employees Group Insurance Act of 1971 (5 ILCS 375/6.10) requires every active contributor of the State Universities Retirement System (SURS), who is a full-time employee of a community college district or an association of community college boards, to make contributions to the plan at the rate of 0.75% of salary. The same section of statute requires every community college district or association of community college boards that is an employer under the SURS, to contribute to the plan an amount equal to 0.75% of the salary paid to its full-time employees who participate in the plan. Beginning July 1, 2024 and through June 30, 2026, the contribution rate shall be a percentage of salary to be determined by the Department, which in each fiscal year shall not exceed a 0.1 percentage point increase in the amount of salary actually required to be contributed for the previous fiscal year. Beginning July 1, 2026, the active member and employer contribution rates shall be a percentage of salary to be determined by the Department, which in each fiscal year shall not exceed 105% of the salary actually required to be contributed for the previous year. The State Pension Funds Continuing Appropriation Act (40 ILCS 15/1.4) requires the State to make an annual appropriation to the fund in an amount certified by the SURS Board of Trustees. The State Employees Group Insurance Act of 1971 (5 ILCS 375/6.9) requires the Director of the Department to determine the rates and premiums for annuitants and dependent beneficiaries and establish the cost-sharing parameter, as well as funding. At the option of the board of trustees, the college districts may pay all or part of the balance of the cost of coverage for retirees from the district.

Administrative costs are paid by the CCHISF. At June 30, 2025, the College's policy was not to subsidize health insurance premiums of their retirees.

Employers participating in a cost-sharing OPEB plan, and any non-employer contributing entities that meet the definition of a special funding situation, are required to recognize their proportionate share of the collective OPEBs amounts for the OPEB benefits provided to members through the CCHISF plan. During fiscal year 2025, the College recognized OPEB contributions of \$47,778.

*Actuarial Assumptions*

The total OPEB liability was determined by an actuarial valuation as of June 30, 2023, using the following actuarial assumptions, applied to all periods included in the measurement, unless otherwise specified.

Inflation	2.25%
Salary increases	Depends on age and service and ranges from 12.75% at less than 1 year of service to 3.50% at 34 or more years of service for employees under 50 and ranges from 12.00% at less than 1 year of services to 3.00% at 34 or more years of services for employees over 50. Salary increase includes a 3.00% wage inflation assumption
Investment rate of return	0%, net of OPEB plan investment expense, including inflation, for all plan years.
Healthcare cost trend rates	Trend rates for plan year 2025 are based on actual premium increases. For non-Medicare costs, trend rates start at 8.00% for plan year 2026 and decrease gradually to an ultimate rate of 4.25% in 2041. For MAPD costs, trend rates based on actual premium increases for 2025, 15.00% in 2026 to 2030 and 7.00% in 2031, declining gradually to an ultimate rate of 4.25% in 2041.

Mortality rates for retirement and beneficiary annuitants were based on the Pub-2010 Healthy Retiree Mortality Table and PubT-2010 Healthy Retiree Mortality Table. For disabled annuitants, mortality rates were based on the Pub-2010 Disabled Retiree Table. Mortality rates for pre-retirement were based on the Pub-2010 Employee Mortality Table and PubT-2010 Employee Mortality Table. Tables were adjusted for SURS experience. All tables reflect future mortality improvements using Projection Scale MP-2020.

The actuarial assumptions used in the June 30, 2023 valuation were based on the results of an actuarial experience study for the period July 1, 2017 through June 30, 2020.

Projected benefit payments are required to be discounted to their actuarial present values using a Single Discount Rate that reflects (1) a long-term expected rate of return on OPEB plan investments (to the extent that the plan's fiduciary net position is projected to be sufficient to pay benefits), and (2) tax-exempt municipal bond rate based on an index of 20-year general obligation bonds with an average AA credit rating as of the measurement date (to the extent that the contributions for use with the long-term expected rate of return are not met). Since the CIP fund is financed on a pay-as-you-go basis, a discount rate consistent with fixed-income municipal bonds with 20 years to maturity that include only federally tax-exempt municipal bonds as reported in Fidelity index's "20-year Municipal GO AA Index" has been selected. The discount rates are 3.97% as of June 30, 2024, and 3.86% as of June 30, 2023.

The increase in the single discount rate from 3.86% to 3.97% caused the College's total OPEB liability to decrease by approximately \$163,578 from 2023 to 2024.

*Actuarial Assumptions (Concluded)*

The actuarial valuation was based on the Entry Age Normal cost method. Under this method, the normal cost and actuarial accrued liability are directly proportional to the employee's salary. The normal cost rate equals the present value of future benefits at entry age divided by the present value of the future salary at entry age. The normal cost at the member's attained age equals the normal cost rate at entry age multiplied by the salary at attained age. The actuarial accrued liability equals the present value of the benefits at attained age less present value of future salaries at attained age multiplied by normal cost rate at entry age.

During the plan year ending June 30, 2024, the collective trust earned \$277,000 in interest and due to a significant benefit payable, the market value of assets at June 30, 2024 of the collective trust is a negative \$103.6 million. Given the significant benefit payable, negative asset value and pay-as-you-go funding policy, the long-term expected rate of return assumptions was set to zero.

*Sensitivity of the employer's proportionate share of the collective net OPEB liability to changes in the discount rate assumption*

The following presents the College's proportionate share of the collective net OPEB liability as of June 30, 2024 calculated using a single discount rate of 3.97%, as well as what the College's proportionate share of the collective net OPEB liability would be if it were calculated using a discount rate that is 1-percentage-point lower (2.97 percent) or 1-percentage-point higher (4.97 percent) than the current discount rate:

	Current Discount		
	1% Decrease (2.97%)	Rate (3.97%)	1% Increase (4.97%)

(a) Current healthcare trend rates – Pre-Medicare per capita costs: 9.02% in 2025, 8.00% in 2026, decreasing by 0.25% per year to an ultimate rates of 4.25% in 2041. Post-Medicare per capita costs: based on actual increase in 2025, 15.00% from 2026 to 2033, 7.00% in 2031 decreasing ratably to an ultimate trend rate of 4.25% in 2041.

(b) One percentage point decrease in current healthcare trend rates – Pre-Medicare per capita costs: 8.02% in 2025, 9.00% in 2026, decreasing by 0.25% per year to an ultimate rates of 3.25% in 2041. Post-Medicare per capita costs: based on actual increase in 2025, 14.00% from 2026 to 2033, 6.00% in 2031 decreasing ratably to an ultimate trend rate of 3.25% in 2041.

(c) One percentage point increase in current healthcare trend rates – Pre-Medicare per capita costs: 10.02% in 2025, 9.00% in 2026, decreasing by 0.25% per year to an ultimate rates of 5.25% in 2041. Post-Medicare per capita costs: based on actual increase in 2025, 16.00% from 2026 to 2033, 8.00% in 2031 decreasing ratably to an ultimate trend rate of 5.25% in 2041.

*OPEB Liabilities, OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB*

The collective net OPEB liability was measured as of June 30, 2024. At June 30, 2024, the CCHISF reported a net OPEB liability of \$665,190,300.

At June 30, 2025, the College reported a liability for its proportionate share of the net OPEB liability that is reflected as a reduction for State OPEB support provided to the College. The collective net OPEB liability was measured as of June 30, 2024, and the total OPEB liability used to calculate the collective net OPEB liability was determined by an actuarial valuation as of that date. The College's proportion of the collective net OPEB liability was based on a projection of the College's long-term share of contributions to the OPEB plan relative to the projected contributions of the College, actuarially determined. At June 30, 2024, the College's proportion was \$1,998,952 (0.300508%), which was an decrease of 0.005654% from its proportion measured as of June 30, 2023 of \$2,162,530 (0.306163%). The State's support and total are for disclosure purposes only. The amount recognized by the College as its proportionate share of the net OPEB liability, the related State support, and the total portion of the net OPEB liability that was associated with the College were as follow:

Employer's proportionate share of the net OPEB liability	\$ 1,998,952
State's proportionate share of the net OPEB liability associated with the employer	<u>1,998,952</u>
<b>Total</b>	<b><u>\$ 3,997,904</u></b>

*OPEB Liabilities, OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB*

For the year ending June 30, 2025, the College recognized OPEB expense and revenue of \$(726,293) for support provided on-behalf by the State. At June 30, 2025, the College reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 299,562	\$ 602,275
Changes of assumptions	-	1,452,359

Federal & State Grants

The College has received a number of Federal and State grants for specific purposes which are subject to review and audit by grantor agencies. Such audits may result in requests for reimbursement to granting agencies for expenditures disallowed under the terms of the grants. Based on prior experience, College management believes that such disallowances, if any, will not be material.

Construction in Progress

As of June 30, 2025, the balance of \$2,428,001 in construction in progress consisted of the following projects: Carmi Vocational Center Phase 1 and exterior repair (CDB Project).

Vacation & Sick Pay

As of June 30, 2025, employees had earned but not taken annual vacation and sick pay, which at salary rates in effect at the end of the year, totaled approximately \$340,557. The College has appropriately reported this liability in their accrued expenses.

Summary of Significant Accounting Policies

Nature of Organization

The Southeastern Illinois College Foundation is a not-for-profit charitable organization. The Foundation is dedicated to serving the needs of Southeastern Illinois College and its students.

Basis of Accounting

The financial statements of Southeastern Illinois College Foundation have been prepared on the accrual basis of accounting in accordance with U.S. generally accepted accounting principles (GAAP) and, accordingly, reflect all significant receivables, payables, and other liabilities.

Basis of Presentation

Financial statement presentation follows the recommendations of the Financial Accounting Standards Board (FASB) in its Accounting Standards Update (ASU) 2016-14, *Presentation of Financial Statements of Not-for-Profit Entities*. Under ASU 2016-14, the Foundation is required to report information regarding its financial position and activities according to two classes of net assets: net assets with donor restrictions and net assets without donor restrictions.

Cash

Cash consists of checking and savings accounts, and cash balances maintained by investment brokers.

Expense Allocation

The costs of providing various programs and other activities have been summarized on a functional basis in the Statement of Activities. Accordingly, certain costs have been allocated among the programs and supporting services benefited. The following is a brief description of each program:

Scholarships – Payout of scholarships administered by the Southeastern Illinois College Foundation.

College Support – The category includes the awarding of annual stipends and donations from Southeastern Illinois College Foundation to Southeastern Illinois College.

Fundraising – Expenses incurred in executing large fundraising events including the Rodney J. Brenner Memorial Buddy Bass Tournament and Junior Falcon Productions.

Management and General – This administrative category includes: personnel expenses, money management fees, awards and plaques, and board and committee meetings.

The Statement of Functional Expenses presents the natural classification of expenses by function. Accordingly, certain costs have been allocated among the programs and supporting services benefited. The expenses that are allocated include personnel services, which are allocated based on management's estimate of time and effort. Directly identifiable expenses are charged to the appropriate program. Management and general expenses include those expenses that are not directly identifiable with any other specific function but provide for the overall support and direction of Southeastern Illinois College Foundation.

Revenue Recognition

The Foundation recognizes contributions as revenue when they are received or unconditionally pledged and records these revenues as with donor restrictions or without donor restrictions according to donor stipulations that limit the use of these assets due to either a time or purpose restriction. Contributions received with donor restrictions that are met in the year of receipt are recorded as revenues without donor restrictions. When a restriction expires or is met in a subsequent year, net assets are reclassified from net assets with donor restrictions to net assets without donor restrictions in the consolidated statements of activities and changes in net assets. Conditional contributions or promises to give are not recognized until they become unconditional, that is, when the conditions on which they depend are substantially met. Contributions to be received in future periods are discounted at an appropriate discount rate. Amortization of discounts on multi-year pledges is recorded as additional contribution revenue as either with or without donor restrictions based on any donor-imposed restrictions, if any, on the related contributions.

Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Promises To Give

Unconditional promises to give are recognized as revenues or gains in the period received and as assets, decreases of liabilities, or expenses depending on the form of the benefits received. Conditional promises to give are recognized only when the conditions on which they depend are substantially met and the promises become unconditional.

Investments

Investments, primarily consisting of equity securities and mutual funds, are stated at fair value. Investments in equity securities and mutual funds with readily determinable values are valued based on quoted market prices in active markets in which the securities are traded. Gains and losses, both realized and unrealized, resulting from increases or decreases in the fair value of investments are reflected in the consolidated statements of activities and changes in net assets as increases or decreases in net assets without donor restrictions unless the use was restricted by explicit donor stipulations or by law.

Investment Expenses

Expenses related to investment revenues, including custodial fees and investment advisory fees, amounted to \$36,774 and have been netted against investment income in the accompanying statement of activities.

Donated Assets

Donated marketable securities, property and equipment, and other noncash donations are recorded as contributions at their fair values at the date of donation. Assets donated with explicit restrictions regarding their use and contributions of cash that must be used to acquire property and equipment are reported as increases in net assets with donor restrictions. It is the Foundation's policy to imply a time restriction, based on the assets' estimated useful lives, on donations of property and equipment that are not restricted as to their use by the donor. Accordingly, those donations are recorded as increases in net assets with donor restrictions. The Foundation reclassifies net assets with donor restrictions to net assets without donor restrictions each year for the amount of depreciation expense relating to the donated property and equipment.

Southeastern Illinois College provides office space and the necessary administrative services to the Foundation at no charge. The rental value of the office space is recorded at fair rental value equivalent to similar facility space. Other amounts have been recorded based on the actual cost to the College for the services.

In-kind Donations

The Foundation's offices are located on the campus of Southeastern Illinois Community College District No. 533. No rent is paid by the Foundation for the use of the office space. The fair value of the annual rental is estimated to be \$1,214 and is included in contributions and expenses in the statement of activities.

Property and Equipment

It is the Foundation's policy to capitalize property and equipment over \$500. Lesser amounts are expensed. Purchased property and equipment are capitalized at cost. Property and equipment are depreciated using the straight-line method. Buildings are depreciated over estimated useful lives of 40 years, land improvements over 15 years, and equipment over 7 years.

Income Tax Status

The Foundation has been granted exempt status under Code Section 501(c)(3) of the Internal Revenue Code; therefore, no provision for federal income tax has been made in the accompanying financial statements. In addition, the Foundation qualifies for the charitable contribution deduction under Section 170(b)(1)(A) and has been classified as an organization that is not a private foundation under Section 509(a)(2). The Foundation's federal Exempt Organization Business Income tax Returns (Form 990) for 2022, 2023, and 2024 are subject to examination by the IRS, generally for three years after they were filed.

Endowment Funds

Financial accounting standards provide guidance on reporting on net asset classifications of donor-restricted endowment funds for a nonprofit organization that is subject to an enacted version of the Uniform Prudent Management of Institutional Funds Act of 2006 (UPMIFA). Accounting standards also require additional disclosures about an organization's endowment funds (both donor-restricted and board-designated endowment funds) whether or not the organization is subject to UPMIFA.

The State of Illinois enacted UPMIFA effective June 30, 2009, the provisions of which apply to endowment funds existing on or established after that date. The Board of Trustees has determined that the majority of the Foundation's net assets with donor restrictions meet the definition of endowment funds under UPMIFA. Based on the Foundation's interpretation of UPMIFA, the Foundation has reviewed all of its endowment funds and classified them as appropriate under UPMIFA.

Summary of Significant Accounting Policies (Concluded)

Net Assets

Net assets, revenues, gains, and losses are classified based on the existence or absence of donor or grantor imposed restrictions. Accordingly, net assets and changes therein are classified and reported as follows:

*Net Assets Without Donor Restrictions* – Net assets available for use in general operations and not subject to donor (or certain grantor) restrictions. The governing board has designated, from net assets without donor restrictions, net assets for an operating reserve and a board-designated endowment.

*Net Assets With Donor Restrictions* – Net assets subject to donor (or certain grantor) imposed restrictions. Some donor-imposed restrictions are temporary in nature, such as those that will be met by the passage of time or other events specified by the donor. Other donor-imposed restrictions are perpetual in nature, where the donor stipulates that resources be maintained in perpetuity. Donor-imposed restrictions are released when a restriction expires, that is, when the stipulated time has elapsed, when the stipulated purpose for which the resource was restricted has been fulfilled, or both.

Date of Management's Review

Southeastern Illinois College Foundation has evaluated subsequent events through January 16, 2026, the date which the financial statements were available to be issued. Management believes no such events require any additional disclosures.

Contributions Receivable

The Foundation had outstanding accounts receivable of \$78,062 at June 30, 2025. The entire amount was comprised of scholarship donations receivable. The Foundation does not recognize an allowance for doubtful accounts.

Unconditional Promises to Give

The Foundation has two promises to give. All promises were made for the purpose of paying scholarships. These two promises to give are restricted for scholarships to be awarded to deserving students who meet certain criteria established by the donors.

As of June 30, 2025, the Foundations has promises to give totaling \$16,055. All of these promises to give are due during fiscal year 2025 and are unconditional. Management believes that they are fully collectible. Accordingly, no allowance for uncollectible promises to give has been recorded as of June 30, 2025.

Undeveloped real estate	\$ 69,500
Total property held for investment	<u>\$ 69,500</u>

Investments in Securities

We report certain assets at fair value in the financial statements. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction in the principal, or most advantageous, market at the measurement date under the current market conditions regardless of whether that price is directly observable or estimated using another valuation technique. Inputs used to determine fair value refer broadly to the assumptions that market participants would use in pricing the asset or liability, including assumptions about risk. Inputs may be observable or unobservable. Observable inputs are inputs that reflect the assumptions market participants would use in pricing the asset or liability based on market data obtained from sources independent of the reporting entity.

Unobservable inputs are inputs that reflect the reporting entity's own assumptions about the assumptions market participants would use in pricing the asset or liability based on the best information available. A three-tier hierarchy categorizes the inputs as follows:

1. Level 1 – Quoted prices (unadjusted) in active markets for identical assets or liabilities that we can access at the measurement date.
2. Level 2 – Inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly or indirectly. They include quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in markets that are not active, inputs other than quoted prices that are observable for the asset or liability, and market-corroborated inputs.
3. Level 3 – Unobservable inputs for the asset or liability. In these situations, we develop inputs using the best information available in the circumstances.

In some cases, the inputs used to measure the fair value of an asset or a liability might be categorized within different levels of the fair value hierarchy. In those cases, the fair value measurement is categorized in its entirety in the same level of the fair value hierarchy as the lowest level input that is significant to the entire measurement. Assessing the significance of a particular input to entire measurement requires judgement, taking into account factors specific to the asset or liability. The categorization of an asset within the hierarchy is based upon the pricing transparency of the asset and does not necessarily correspond to our assessment of the quality, risk, or liquidity profile of the asset or liability.

Investments in Securities (Concluded)

The Foundation invests in equity mutual funds, equity securities, and fixed income securities. Fair values for investments are determined by reference to published NAV per unit at the end of the last trading day of the year, which is the basis for transactions at that date. There were no changes in valuation techniques in the year ended June 30, 2025. The Foundation recognizes transfers into and out of levels within the fair value hierarchy at the end of the reporting period. There were no transfers between levels in the year ended June 30, 2025.

Fair value measurements for investments reported at fair value on a recurring basis at June 30, 2025 were determined based on:

Donor-Designated Endowment Funds

The Foundation's endowment consists of funds established for a variety of purposes. Its endowment includes both donor-restricted funds and funds designated by the Board of Trustees to function as endowments. As required by generally accepted accounting principles, net assets associated with endowment funds are classified and reported based on the existence of donor-imposed restrictions. Funds designated by the Board of Trustees to function as endowments are voluntary and may be reversed by the governing board at any time. Accordingly, they are reported as part of the without donor restrictions class of net assets.

The Board of Directors has interpreted the Illinois Uniform Prudent Management of Institutional Funds Act (UPMIFA) as requiring the preservation of the fair value of the original gift as of the date of the donor-restricted endowment funds, unless there are explicit donor stipulations to the contrary. At June 30, 2025, there were no such donor stipulations. As a result of this interpretation, the Foundation retains in perpetuity (a) the original value of initial and subsequent gift amounts (including promises to give net of discount and allowance for doubtful accounts) donated to the Endowment and (b) any accumulations to the Endowment made in accordance with the direction of the applicable donor gift instrument at the time the accumulation is added. Donor-restricted amounts not retained in perpetuity are subject to appropriation for expenditure in a manner consistent with the standard of prudence prescribed by UPMIFA. The following factors are considered in making a determination to appropriate or accumulate donor-restricted endowment funds: (1) the duration and preservation of the various funds, (2) the purposes of the donor-restricted endowment funds, (3) general economic conditions, (4) the possible effect of inflation and deflation, (5) the expected total return from income and the appreciation of investments, (6) other resources of the Foundation, and (7) the Foundation's investment policies.

Donor-Designated Endowment Funds (Continued)

Endowment net asset composition by type of fund as of June 30, 2025 is as follows:

<u>Endowment Fund Type</u>	<u>Without Donor Restrictions</u>	<u>With Donor Restrictions</u>	<u>Total Net Endowment Assets</u>
Donor-restricted	\$ -	\$ 5,335,236	\$ 5,335,236
Board-designated	(70,211)	-	(70,211)
	<u>\$ (70,211)</u>	<u>\$ 5,335,236</u>	<u>\$ 5,265,025</u>

From time to time, certain donor-restricted endowment funds may have fair values less than the amount required to be maintained by donors or by law (underwater endowments). The Foundation has interpreted UPMIFA to permit spending from underwater endowments in accordance with prudent measures required under law. Any prior underwater amounts were fully recovered during 2025 due to favorable market fluctuations.

*Investment and Spending Policies*

Investment and spending policies for the Endowment were adopted that attempt to provide a predictable stream of funding for operations while seeking to maintain the purchasing power of the endowment assets. Over time, long-term rates of return should be equal to an amount sufficient to maintain the purchasing power of the Endowment assets to provide the necessary capital to fund the spending policy and to cover the costs of managing the Endowment investments. The target minimum rate of return is the Consumer Price Index plus 5 percent on an annual basis. Actual returns in any given year may vary from this amount. To satisfy this long-term rate-of-return objective, the investment portfolio is structured on a total-return approach through which investment returns are achieved through both capital appreciation (realized and unrealized) and current yield (interest and dividends). A significant portion of the funds are invested to seek growth of principal over time.

An endowment spending-rate formula is used to determine the maximum amount to spend from the Endowment, including those endowments deemed to be underwater, each year. The rate, determined and adjusted from time to time by the Board of Directors, is applied to the average fair value of the Endowment investments for the prior 12 quarters at June 30 of each year to determine the spending amount for the upcoming year. During 2025, the spending rate maximum was 4.5 percent. In establishing this policy, the Board of Directors considered the long-term expected return on the Endowment and set the rate with the objective of maintaining the purchasing power of the Endowment over time.

Liquidity and Availability

The Southeastern Illinois College Foundation's financial assets available for general expenditures, that is, without donor or other restrictions limiting their use, within one year of the balance sheet date, comprise the following:

Cash held at Legence Bank	\$ 454,426
Cash held in Money Market with Wells Fargo	16,216
Cash held in Money Market with Ameriprise	795,613
Cash and Cash Equivalents	<u>\$ 1,266,255</u>

The Foundation's endowment funds consist of donor-restricted endowments and funds designated by the Foundation's Board as endowments. Income from donor-restricted endowments is restricted for specific purposes, with the exception of the fee that may be accessed for management purposes of 1% per annum. Donor-restricted endowment funds are not available for general expenditures.

As part of the Foundation's liquidity management plan, cash in excess of the Foundation's daily requirements are invested in short-term investments, CDs, and money market funds as determined by the Foundation's Board.

At June 30, 2025, the carrying amount of the Foundation's deposits at financial institutions was \$454,426. The bank balance was \$463,734, all of which was secured by federal depository insurance or collateralized with securities held by the pledging financial institution in the Foundation's name.

Custodial credit risk is the risk that in the event of a bank failure, the Foundation's deposits may not be returned. As of June 30, 2025, none of the Foundation's bank balance of \$463,734 was exposed to custodial credit risk.

**NOTES TO REQUIRED SUPPLEMENTARY INFORMATION - UNAUDITED  
FOR THE YEAR ENDED JUNE 30, 2025**

*Changes of Benefit Terms.*

Public Act 103-0548, effective August 11, 2023, made changes to the calculation of service and eliminated the part-time adjustment for participants on or after September 1, 2024. This change was first reflected in the Total Pension Liability as of June 30, 2024.

*Changes of Assumptions.*

In accordance with *Illinois Compiled Statutes*, an actuarial review is to be performed at least once every three years to determine the reasonableness of actuarial assumptions regarding the retirement, disability, mortality, turnover, interest, and salary of the members and benefit recipients of SURS. An experience review for the years June 30, 2020 to June 30, 2023 was performed in Spring 2024, resulting in the adoption of new assumptions as of June 30, 2024. These assumptions are listed below.

- Salary increase: The overall assumed rates of salary increase range from 3.15 percent to 15.00 percent based on years of service, with underlying wage inflation rate of 2.40 percent. Separate rates of increase are assumed for members in academic and non-academic positions.
- Investment Return: The investment return is assumed to be 6.50 percent. This reflects an assumed real rate of return to 4.10 percent and assumed price inflation of 2.40 percent.
- Effective rate of interest: The long-term assumption for the effective rate of interest for crediting the money purchase accounts is 7.00 percent.
- Normal Retirement Rates: Separate rates are assumed for members in academic positions, non-academic positions, and public safety positions. Rates are generally highest for public safety positions and lowest for academic positions.
- Early Retirement Rates: Separate rates are assumed for members in academic positions and non-academic positions. Rates are generally higher for non-academic positions.
- Turnover Rates: Assumed rates maintain the pattern of decreasing termination rates as years of service increase, with separate rates for academic and non-academic positions.
- Mortality Rates: Use of Pub-2010 mortality tables reflects its high applicability to public pensions. The projection scale utilized is the MP-2021 scale, with separate rates for academic, non-academic, and public safety members.
- Disability Rates: Separate rates are assumed for members in academic positions, non-academic positions, and public safety positions, as well as for males and females. Public safety disability incidence is assumed to be 50 percent line-of-duty related and 50 percent ordinary.
- Plan Election: For non-academic members, assumed plan election rates are 75 percent for Tier 2 and 25 percent for Retirement Savings Plan (RSP). For academic members, assumed plan election rates are 55 percent for Tier 2 and 45 percent for RSP.
- Cost of Living adjustment: Annual annuity increases are assumed to be 3.00 percent for Tier 1 members and 1.20 percent for Tier 2 members.

***Methods and Assumptions Used to Determine Actuarial Liability and Contributions:***

Actuarial Cost Method	Entry Age Normal, used to measure the Total OPEB Liability.
Contribution Policy	Benefits are financed on a pay-as-you go basis. Contribution rates are defined by statute. For fiscal year ended June 30, 2024, contribution rates are 0.75% of pay for active members, 0.75% of pay for community colleges and 0.75% of pay for the State. Retired members contribute a percentage of premium rates. The goal of the policy is to finance current year costs plus a margin for incurred but not paid plan costs.
Asset Valuation Method	Market value
Investment Rate of Return	0%, net of OPEB plan investment expense, including inflation, for all plan years.
Inflation	2.25%
Salary Increases	Depends on age and service and ranges from 12.75% at less than 1 year of service to 3.50% at 34 or more years of service for employees under 50 years of age and ranges from 12.00% at less than 1 year of service to 3.00% at 34 or more years of service for employees over 50 years of age. Salary increase includes a 3.00% wage inflation assumption.
Retirement Age	Experience-based table of rates that are specific to the type of eligibility condition. Last updated for the June 30, 2021, actuarial valuation of SURS.
Mortality	Retirement and Beneficiary Annuitants: Pub-2010 Healthy Retiree Mortality Table and PubT-2010 Healthy Retiree Mortality Table. Disabled Annuitants: Pub-2010 Disabled Retiree Mortality Table. Pre-Retirement: Pub-2010 Employee Mortality Table and PubT-2010 Employee Mortality Table. Tables are adjusted for SURS experience. All tables reflect future mortality improvements using Projection Scale MP-2020.
Healthcare Cost Trend Rates	Trend rates for plan year 2025 are based on actual premium increases. For non--medicare costs, trend rates start at 8.00% for plan year 2026 and decrease gradually to an ultimate rate of 4.25% in 2041. For MAPD costs, trend rates are based on actual premium increases for 2025, 15.00% in 2026 to 2030 and 7.00% in 2031, declining gradually to an ultimate rate of 4.25% in 2041.
Aging Factors	Based on the 2013 SOA Study "Health Care Costs – From Birth to Death"
Expenses	Health administrative expenses are included in the development of the per capita claim costs. Operating expenses are included as a component of Annual OPEB Expense.

Base Operating Grants

General operating funds provided to colleges based upon credit enrollment.

Small College Grants

Funds provided to colleges with full-time equivalent enrollments of less than 2,500 students. Intended to help small colleges pay for some of the “fixed costs” of operating a smaller institution.

Equalization Grants

Grants provided to institutions with less than the statewide average local tax dollars available per full-time equivalent student.

Board of Trustees  
Southeastern Illinois Community College District No. 533  
Harrisburg, Illinois 62946

We have examined the accompanying Schedule of Enrollment Data and Other Bases Upon Which Claims Are Filed of Southeastern Illinois Community College District No. 533 (the College) for the year ended June 30, 2025 (the Schedule). The College's management is responsible for preparing the Schedule in accordance with the guidelines of the Illinois Community College Board's *Fiscal Management Manual*. Our responsibility is to express an opinion on the Schedule based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. Those standards require that we plan and perform the examination to obtain reasonable assurance about whether the Schedule referred to above is in accordance with the guidelines of the Illinois Community College Board's *Fiscal Management Manual*, in all material respects. The nature, timing, and extent of the procedures selected depend on our judgement, including an assessment of the risks of material misstatement of the Schedule referred to above, whether due to fraud or error. We believe that the evidence we obtained is sufficient and appropriate to provide a reasonable basis for our opinion.

We are required to be independent and to meet our other ethical responsibilities in accordance with relevant ethical requirements relating to the engagement.

In our opinion, the Schedule is presented in accordance with the guidelines of the Illinois Community College Board's *Fiscal Management Manual* in all respects.

The supplementary information on pages 69-71 discussed the College's residency verification steps and is the responsibility of the College's management. This information had not been subjected to the audit procedures applied in the audit of the Schedule, and accordingly, we do not express an opinion or provide any assurance on the information.

**FEDERAL COMPLIANCE SECTION**

## **INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE**

Board of Trustees  
Southeastern Illinois Community College District No. 533  
Harrisburg, Illinois 62946

### **Report on Compliance for Each Major Federal Program**

#### ***Opinion on Each Major Program***

We have audited Southeastern Illinois Community College District No. 533's compliance with the types of compliance requirements described as subject to audit in the *OMB Compliance Supplement* that could have a direct and material effect on each of Southeastern Illinois Community College District No. 533's major federal programs for the year ended June 30, 2025. Southeastern Illinois Community College District No. 533's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

In our opinion, Southeastern Illinois Community College District No. 533 complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2025.

#### ***Basis for Opinion on Each Major Federal Program***

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements for Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of Southeastern Illinois Community College District No. 533 and to meet our other ethical requirements, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence that we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of Southeastern Illinois Community College District No. 533's compliance with the compliance requirements referred to above.

#### ***Responsibilities of Management for Compliance***

Management is responsible for compliance with the requirements listed above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to Southeastern Illinois Community College District No. 533's federal programs.

### ***Auditor's Responsibilities for the Audit of Compliance***

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on Southeastern Illinois Community College District No. 533's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about Southeastern Illinois Community College District No. 533's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding Southeastern Illinois Community College District No. 533's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of Southeastern Illinois Community College District No. 533's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of Southeastern Illinois Community College District No. 533's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

### **Report on Internal Control Over Compliance**

A *deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

HARRISBURG, ILLINOIS**

**NOTES TO SCHEDULE EXPENDITURES OF FEDERAL AWARDS  
JUNE 30, 2025**

**NOTE 1: BASIS OF PRESENTATION**

The accompanying schedule of expenditures of federal awards (the Schedule) includes the federal award activity of Southeastern Illinois Community College District No. 533 under programs of the federal government for the year ended June 30, 2025. The information in the Schedule is presented in accordance with the requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Because the Schedule presents only a selected portion of the operations of Southeastern Illinois Community College District No. 533, it is not intended to and does not present the financial position, changes in net assets, or cash flows of the College.

**NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

Expenditures reported on the Schedule are reported on the accrual basis of accounting. Such expenditures are recognized following the cost principles of the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited to reimbursement.

**NOTE 3: SUBRECIPIENTS**

There were no subrecipients for the year ended June 30, 2025.

**NOTE 4: NONCASH AWARDS**

There were no noncash awards reported on the Schedule for the year ended June 30, 2025.

**NOTE 5: LOANS OR LOAN GUARANTEES OUTSTANDING**

There were no loan programs for the year ended June 30, 2025.

**NOTE 6: INDIRECT COST RATE**

Southeastern Illinois Community College District No. 533 has a plan for allocation of common and indirect costs related to grant programs in accordance with the Uniform Guidance. The indirect cost rate used to allocate amounts to grant programs during the fiscal year ended June 30, 2025, is primarily based on a federally negotiated higher education rate agreement. The College has elected not to use the 10% de minimis indirect cost rate.
